SECTION I

INTRODUCTION

One of the most important functions of the Board is the formulation of policies that guide the organization and administration of the Valley Christian Schools¹.

Written policies will tend to represent the best thinking of School Board members over the years and give consistency and stability to important aspects of the school organization and operation, as the composition of the School Board and of the administration changes from year to year.

This manual should serve the following purposes:

- to encourage continuity and consistency of board action.
- to foster stability in the management and administration of the school.
- to clarify the assignment of responsibilities to members of the administrative, instructional and classified staff.
- to clarify the responsibilities and duties of board members.
- to provide for many circumstances and situations in advance of their happening.
- to save valuable board and administrative time by eliminating the necessity of making a decision each time a recurring situation presents itself.
- to facilitate the orderly review of board policies.
- to aid the Board in evaluating administrative and educational practices.
- to reduce and control the pressures of special interest groups.
- to help in the orientation of new Board members and administrators.
- to facilitate the maintenance of a high staff morale by promoting a common understanding of board and administrative actions and by ensuring uniform and fair treatment of all in the circumstances.

It is hoped that the use of this manual will enable the goals of the school to be met and inspire board members, administrators and teachers to act in accordance with the importance of their functions and their position of community trust.

¹ Bellflower Christian Schools, founded in 1935, was renamed Valley Christian Schools in 2004. All references to Bellflower Christian Schools (BCS) in the Board Policy Manual have been revised to Valley Christian Schools (VCS).

SECTION II

VALLEY CHRISTIAN SCHOOLS POLICIES

II.1 MOTTO

The motto of Valley Christian Schools is to Equip & Inspire our students to serve the Lord Jesus Christ.

II.2 MISSION

In the light of the Lordship of Jesus Christ and the authority of God's word, we will educate each unique student in cooperation with the Christian community so that he or she is equipped and inspired to make a difference for Jesus Christ in the world.

II.3 PHILOSOPHY

Valley Christian Schools is a necessary and joyful means to bring glory and honor to God in response to His mercy to His people. The school is necessary because education is essential for effective obedience to God's will; it is joyful because as God's children we individually and communally serve, explore, participate, and delight in His creation.

Every human has a perspective or worldview that directs and empowers the way he thinks, speaks, acts, and lives. The educational perspective of Valley Christian Schools is based on the authority of the Bible as the written Word of God. In our understanding of the Bible, we find help and direction in the Reformed heritage and confessional standards. Valley Christian recognizes that Christians adhere to a variety of confessional standards and it actively supports an interdenominational ministry by helping participating Christian parents in their efforts to lead their children in the nurture and admonition of the Lord.

One way to summarize the philosophy of Valley Christian is to understand the relationships between the individual and God, the individual and self, the individual and other human beings, and the individual and all other aspects of God's creation, order, and history. The purpose of Valley Christian Schools is to train the students to live in and respond to these relationships commanded in God's Word.

In creation, these relationships were established to bring honor and glory to God. People, created in the image of God, are given a special responsibility to be God's representatives to ensure that his life and all of his relationships are consistent with the order God has established. Men and women have specific roles as stewards in subduing, controlling, and preserving the earth.

All of the ordained relationships, however, were distorted when humanity willfully rejected his and her assigned places and attempted to build their own kingdoms. Despite humanity's response, God provided through the atonement of Jesus Christ the means of restoring the relationships. As God restores His relationship with mankind, this permits the restoration of each of the other relationships. Men and women are free in thankful response to serve God as sovereign Lord, to love and respect themselves as God's image-bearers, to love their neighbors, and to subdue, control, and preserve the earth as God's stewards.

We are called as Christians to grow in maturity in Jesus Christ, to be knowledgeable about our faith, to stand firm in our convictions, to live as servants within community, and work toward reconciling all things and relationships to Jesus Christ. The Christian home has the primary responsibility for the children and is the children's primary source of nurture and guidance as parents disciple their children. The school serves as an extension of the Christian home. The Christian parent, as a member of the body of Christ, seeks for the family growth in faith and practice with regular and active involvement in a local Christian church.

II.4 SCHOOL GOALS

VISION: Valley Christian Schools seeks to honor and glorify God by being a loving, compassionate, and spirit-filled community, affirming His call to holiness, ensuring academic success, stewarding our resources, and embracing the diversity of the body of Christ while emphasizing our Reformed accent.

The school is to partner with Christian parents to train each unique child to be mature and unique within the family of God and to accept deliberately and joyfully his or her special responsibilities. The school is to be an effective instrument of God on behalf of Christian parents to train their children to become mature Christians, desirous and capable of developing the relationships established by God.

The school must help the student, as an image-bearer of God and member of a community, to discover and develop his individual worth, talents, gifts, and responsibilities. The training of students must ensure every aspect of learning, including understanding, decision-making, and serving, is an extension of a Christian commitment and Biblical worldview.

UNDERSTANDING: The student must know God, self, others, and creation. He or she must learn what the proper relationships were created to be, what they became through sin, and what they can become through restoration in Jesus Christ. There must be growth in knowledge, in a clear understanding of what things are like, and in identifying observations, concepts, and generalizations. There must be growth in abilities to analyze, synthesize, apply, create, and interpret.

DECISION-MAKING: The school must train and admonish the student to respond appropriately and to apply the knowledge in forming the relationships as directed in the Bible. There must be growth in right choosing, discernment, appreciation, right attitudes, and the making of appropriate judgments and commitments.

SERVING: The school must train the student how to act, respond, and apply biblical principles in establishing God-glorifying relationships. In order to promote a positive impact in the world, there must be growth in applying and implementing these biblical principles.

II.5 CORE CURRICULAR PRINCIPLES

1. The Core Curricular Principles of Valley Christian Schools are distinctive from non-Christian religions and philosophies, from views that determine truth only by currently accepted scientific reason, and from views that assume truth is relative to the individual.
2. Valley Christian Schools teaches a Reformed world and life view. The following Core Curricular Principles distinguish the position of Valley Christian Schools from other views held by Christians:
 - a. THE LORDSHIP OF JESUS CHRIST
 - i. God is sovereign and Jesus Christ is Lord over all aspects of life (This is distinctive from a dualistic, sacred-secular position).
 - ii. All of creation exists for the purpose of bringing glory and honor to God. We seek our place of service within His will and plan. (This is distinctive from a view in which God assists us to accomplish our own plans, happiness, or fulfillment).
 - b. THE AUTHORITY OF GOD'S WORD
 - i. Jesus Christ is the Word incarnate. He is Creator, King, Provider, Redeemer, and in Him all things hold together. (This is distinctive from a view in which the role of Jesus is limited to being Savior of the souls of mankind).
 - ii. The Bible is God's inspired, infallible, and inerrant Word by which we understand God, His created reality, the fall, salvation, and God's will for our lives. The Bible is to be interpreted as a unified whole. (This is distinctive from views that interpret the Bible that sharply divides the Old from the New Testaments, or that interprets the Bible simply as a set of propositions, as a textbook, or one of several important religious writings).

- iii. God also reveals Himself through His creation. All of God's revelations are true and are in ultimate harmony. (This is distinctive from a view that allows any of the revelations of God to be considered irrelevant or in disharmony).

c. EDUCATION IN COOPERATION WITH THE CHRISTIAN COMMUNITY

- 1) Because God has given parents responsibility for the nurture and training of their children, we will help them fulfill this calling in partnership with the church. (This is distinctive from a view that it is the state's responsibility to educate our children).
- 2) The purpose of the Christian school is to assist in equipping students with the vision and skills for bringing positive change to culture and all relationships for the advancement of the kingdom of God. (This is distinctive from a view in which our only responsibility is to seek the salvation of souls).

d. MAKING A DIFFERENCE FOR CHRIST IN THE WORLD

1) CREATION

- a) Creation is good and belongs to God. (This is distinctive from a dualistic view in which the physical world is evil and the soul is good).
- b) Mankind is created in the image of God and is responsible for bringing all relationships under authority of God, including society and culture. (This is distinctive from a view that suggests that we have a responsibility with regard only to our soul or spirit).

2) FALL

- a) Sin is a condition that affects every relationship. (This is distinctive from a view in which sin affects only personal salvation).
- b) The struggle between right and wrong affects all relationships and calls for both personal and corporate discernment and decision-making that includes the call for justice and righteousness. (This is distinctive from a view that suggests sin does not affect our thinking, will, decisions, emotions and relationships, but leaves people basically and morally good, needing only assistance from God in personal salvation.).

3) REDEMPTION

- a) By God's grace, the death and resurrection of Jesus Christ on the cross, paid for the sins of those who believe in Christ, and the Holy Spirit empowers the believer to live a life of service in gratitude. (This is distinctive from a view that grace is not sufficient for the forgiveness of sins).
- b) Each person is to give thanks to God by loving God above all and one's neighbor as oneself.
- c) Through God's providence, He continues to love and care for all of creation. (This is distinctive from a dualistic view in which the physical world is evil and the soul is good).
- d) The redemption of Christ affects all relationships including creation. (This is distinctive from a view in which the effects of redemption are only personal).
- e) Each Christian is part of the body of Christ, the church, and is called to faithfully grow in Christian maturity by actively attending and participating in a local Christian church community. (This is contrast to those who consider one's relationship with Christ to be individualistic, rather than communal).
- f) Christian parents are accountable to God to raise their children to accept Jesus Christ and Savior and Lord and to pursue the available resources to ensure their children become mature Christians and

are prepared for works of service for God. (This is distinctive from a view that it is the state's responsibility to educate our children).

g) The Christian school calls students, by the power of the Holy Spirit, to be agents of change and renewal for Jesus Christ in contemporary society. (This is distinctive from a view that suggests that we have a responsibility with regard only to our soul or spirit).

II.7 REPORTS REGARDING GENERAL SATISFACTION WITH INSTITUTIONAL OUTCOMES

1. General Overview and Approach to Outcomes Assessment.

a. School system outcomes assessment is the reporting procedure Valley Christian Schools uses to measure the success and failures of its mission to educate each unique student in cooperation with the Christian community so he or she is equipped to make a difference for Jesus Christ in the world.

b. The following describes the Valley Christian Schools approach to assessing institutional outcomes:

1) Outcomes assessment should be as simple and manageable as possible.

2) Faculty and Educational Administrative leadership are best suited to determine the educational outcomes of their academic programs and activities, how to assess these outcomes, and how to use the results for further program development and improvement.

3) The Outcomes Committee facilitates a Tri-Annual presentation schedule that allows all departments and major academic programs of the Valley Christian school system the opportunity to address the Committee.

4) The results of outcomes assessment should be used to evaluate the effectiveness of academic programs and student services.

5) Faculty shall use the information collected to develop and improve academic programs. School campus administrators must provide leadership and accountability to the process.

c. Reporting Procedures and Frequency. Each VCS Department is encouraged to use its own discretion in presentation style. However, to maintain consistency in the reporting structure, the committee has adopted a list of ESLR-based questions to be addressed in the presentation. At the discretion of the Outcomes Committee, the presenting group may be asked to address an additional list of topics and/or specific questions in the body of their presentation. The list of these topics and/or questions will be made available to the presenting group three weeks prior to their schedule presentation date. An electronic file containing the contents of the presentation is to be delivered to the Outcomes Chairperson five working days prior to the meeting for review and comment. The Outcomes Chairperson will review the presentation for content and communicate any requested changes/corrections to the committee within three working days of the schedule presentation. The final version of the document, and any meeting minutes taken will be distributed to the full BOD for their information. These documents will also be made available for inclusion into the ongoing WASC self study process.

d. WASC. One of the primary resources for assessment will be the Western Association of Schools and Colleges (WASC) self-report and accreditation process. The VCS outcomes assessment process, through its annualized structure and data/evidence collection plan, will directly support the ongoing WASC Action Plan. The WASC self-report and visit feedback will, in turn, be a primary source of assessment for Outcomes.

e. ESLRs. The Expected School-Wide Learning Results (ESLR) defines the overall academic and program aims of the Valley Christian School system. The ESLRs provide the framework for excellence as supported by exemplary curriculum, teaching and practices. Valley Christian Schools will assess its ability to meet the goals and objectives as defined by the ESLRs. (See Appendix A)

2. Major Areas for Outcomes Assessment:

a. **Academic Programs.** *Institutional Ends:* to provide excellence in Christian Education while transforming students to impact contemporary society for Christ.

1) Objective: Valley Christian Schools will educate each student in a manner that affirms their place in Christ's Kingdom and honors their individual uniqueness. Students receive instruction through a variety of methods, means, and resources.

2) Common Core Standards: The goal of the National Common Core Standards is to provide a consistent, clear understanding of what students are expected to learn at each grade level. The Outcomes assessment process should provide evidence of how well the school is meeting the Common Core Standards.

3) Factors and Criteria:

a) Factors: academic achievement; understanding Christian worldview; attainment of ESLRs; meeting Common Core Standards.

b) Criteria: students, faculty, parent support, classrooms, curriculum integration, events and project team learning opportunities.

4) Measurement Options: Academic achievement, understanding of Christian worldview, meeting common Core Standards, standardized test scores, organizational scorecards, and attainment of ESLRs.

5) Reporting Procedures and Frequency: The reports given by the various campus groups each month to the Outcomes Committee will give focus on the fulfillment of the ESLRs. These reports, along with any supporting documents and any meeting minutes taken will be distributed to the full Board of Directors for their information. The Chairperson of the Outcomes Committee will provide an annual summary of these documents to the Board of Directors at the first board meeting of the academic year.

b. **Student Spiritual Development.** *Institutional Ends:* to develop a student who is equipped and inspired to humbly demonstrate Christian character, wisdom, leadership, service and excellence in every square-inch of their lives. VCS students will form a worldview consistent with a biblical understanding of God's creation and plan for redemption from a reformed theological perspective.

1) Objective: A Valley Christian Student will demonstrate biblical literacy, articulate the need for a Savior and how Jesus saves, defend and promote a biblical worldview, and live out one's place in God's story and kingdom with justice, mercy, and humility.

2) Factors and Criteria:

a) Factors: The Holy Spirit; the entire Valley Christian School community together faithfully pointing students to God's revelation, particularly in all of our studies and in our community life.

b) Criteria: we must never measure the spirituality of others. We want our children to have faith beyond measure, as the love of God is beyond measure. We can measure how the context and environment is created to nurture the love for God. We can measure what we do but need to stay away from the results because measured results are always grossly inadequate and create a false definition of faith. Therefore, the program and culture to achieve the ESLRs above will be measured, as well as the results of the ESLRs, the last one just anecdotally.

3) Measurement Options: student surveys, parent surveys, participation in spiritual development activities, anecdotes.

4) Reporting Procedures and Frequency: The reports given by the various campus groups to the Outcomes committee will include a focus on the first ESLR—Christ-centeredness. Organizational scorecards will also include a review of student spiritual development. These reports are included in the annual summary provided to the Board of Directors by the Outcomes Committee.

c. **Athletics.** *Institutional Ends:* to promote and develop Christian character, to provide activities for students to promote and foster student physical health, and develop athletic skills to participate at a competitive level.

1) Objective: To develop faithful, virtuous, and courageous followers of Christ through athletic participation and competitive play.

2) Factors and Criteria:

3) Measurement Options: Measures can be taken on student participation, student and parent surveys, sportsmanship, development of programs, and consistency of quality programs.

4) Reporting Procedures and Frequency: Annual report at the end of the Academic year summarized by campus. The report is to include measurements of overall student participation and a summary of the successes and challenges of the various sports programs. The delivery of the report will be the responsibility of the site administrators.

d. **Performance and Fine Arts.** *Institutional Ends:* To conduct outstanding performance and fine arts programs which equip and inspire students to use their artistic skills and abilities to bring glory to God.

1) Objective: A VCS student is expected to develop and use one's God-given abilities and appreciate the innovation and creativity displayed in God's creation, others, and oneself.

2) Factors and Criteria.

a) Factors: talented and inspired faculty, talented and inspired students, program resources, program leadership.

b) **Criteria:** number of student participants, number of programs, number of events, program resources.

The report is to include measurements of overall student participation and a summary of the successes and challenges of the various fine art programs. The delivery of the report will be the responsibility of the site administrators.

f. **Institutional Advancement and Development.** *Institutional Ends:* To increase and improve the standing and stature of Valley Christian schools among current parents, future parents, the Church, Defender alumni and the community at large.

1) **Objective:** Through development and institutional advancement, Valley Christian Schools seeks to build strong relationships and partnerships with the Church, Christian families, Christian ministries, and the local communities to provide affordable quality Christian education.

2) **Factors and Criteria:**

a) **Factors:** sound business practices, long-term planning, economic conditions.

b) **Criteria:** Church partnerships and support, student enrollment, alumni participation, and the Valley Christian community's faithfulness to its mission and goals.

To be scheduled by the Outcomes Committee Chairperson.

h. **Marketing and Admissions.** *Institutional Ends:* a student population at each campus comprised of Christian covenant students with the commitment and capabilities to succeed at Valley Christian Schools, and in the numbers required to fully populate an optimized campus (faculty/student capacity).

1) Objective: A coherent and strategic marketing, recruiting and admissions process optimizing each campus to meet the needs of the Christian covenant community.

2) Factors and Criteria:

a) Factors: marketing proficiency, economic climate, use of multiple communications and marketing tools, and events.

b) Criteria: enrollment, transfers, and drops.

3) Measurement Options: Measures can be taken with the criteria above, as well as faculty/student capacity and facility/student capacity outcomes, Enrollment and parent surveys, Exit interview results.

4) Reporting Procedures and Frequency: Annual report from the Director of Admissions at the October Outcomes Meeting.

i. **Facilities and Transportation Systems.** *Institutional Ends:* a school that has well maintained facilities, provides a high quality learning environment, and provides safe transportation systems, which are in compliance with federal and state standards.

1) Objective: To provide good stewardship and maintenance of the physical assets of the Valley Christian School system. Facilities must be clean, in good repair, be safe, have appropriate

technology in working order, and stimulate collaborative as well as contemplative learning environments.

a) Factors: age of facilities, budgeting, long-range campus development plans, increased demands for infrastructure to support the integration of technology in the classroom, age of transportation fleet, changing Federal and State standards.

b) Criteria: conditions of facilities, reliability of the schools system's computer network infrastructure, reliability of the vehicle fleet, vehicle refreshment schedules.

3) Measurement Options: Annual report on the condition of the physical assets of the Valley Christian Schools system, recommendations for future facility upgrades, annual transportation safety reports, and certifications of compliance by the Department of Transportation.

4) Reporting Procedures and Frequency: Annual report from the Facilities Manager with input from the Information Technology Director presented at the September Outcomes Meeting.

j. **System Wide Safety and Security Initiatives.** *Institutional Ends:* a school community that maintains a safe learning environment for students and staff both physically and emotionally.

1) Objective: Create a culture of safety throughout the Valley Christian School System by providing a safe learning and working environment. Safety is defined in both physical and emotional terms. Physical safety is to make the entire school community safe from bodily harm or injury. Emotional safety is to make the entire school community safe from hazing, bullying and cyber-bullying. Security is the protection of the school from mostly outside forces (intrusion, theft, and vandalism).

2) Factors and Criteria:

a) Factors: development and enforcement of safety policies and procedures that address both physical and emotional safety, safety education for faculty, staff, students and parents.

b) Criteria: a secure campus perimeter, campus visitor access procedures, screened volunteers, staff safety awareness, safety drills, and safety policies and procedures that address interactions between faculty, staff, volunteers and students.

3) Measurement Options: screened volunteer list, a reduction in accident/personal injury claims, and a reduction in number of days lost to injury, fewer incidents of physical aggression or cyber bullying, fewer thefts, less vandalism, high confidence in procedures for fire, intrusion and earthquake events.

k. **Board Governance and Administrative Leadership.** *Institutional Ends:* a school that has mission-based governance, and leadership which submits to Godly authority and wisdom.

1) Objective: Mission-Based Board Governance. Board governance and administrative leadership is essential to the current and future health of the school system, and its ability to meet its mission. Mission-based governance and administration set clear goals, guidance and objectives, streamline decision making, create a positive institution, generate confidence in its stakeholders, and assess progress toward mission accomplishment. This model focuses on the single organization and clearly distinguishes between the leadership roles of the Board and the Superintendent. The Board's role is one of stewardship on behalf of its Society. In order to fulfill

this role, the Board focuses on the vision, mission, values and strategic priorities of the school, ensures responsiveness to the Society, and empowers staff to carry out the mission within established limitations. The Superintendent provides operational leadership in managing the school to fulfill its mission. The Board monitors and evaluates the superintendent's performance according to its policies. The Board governs the school by articulating and documenting broad policies (for example, ends, executive limitations, Board-CEO relationships and governing process policies; Carver, 1990). The positive features of this model, when it is working effectively, are:

- a) There is increased clarity of roles and responsibilities, vision and accountability.
- b) The focus on outcomes and results leads to increased accountability.
- c) An external focus connects the Board with other boards and stakeholders.
- d) This model liberates, empowers and supports the chief executive officer.
- e) The Board engages in systems activities by scanning the environment, becoming familiar with "big picture" issues as well as major internal trends and entering into partnerships with other stakeholders.
- f) The Board takes on the responsibility of ensuring adequate resources are available to accomplish the mission (fund raising).

2) Factors and Criteria:

- a) Factors: mission based governance education and disciplines, servant leadership, discernment, committed volunteers from the Anchor and supporting churches.
- b) Criteria: effective decision making, good policy creation, solid commitment to mission and institutional advancement.

3) Measurement Options: Improvements to policy, guidance, decision-making process, institutional outcomes, and parent and community surveys.

4) Reporting Procedures and Frequency. Data to be collated and published in an Annual Report to Society by the Board of Directors.

 - c. The Board will direct, control and inspire the organization through the careful establishment of broad written policies reflecting the Board's values and perspectives about ends to be achieved and means to be avoided. The Board's major policy focus will be on the intended long-term impacts outside the organization, not on the administrative or programmatic means of attaining those effects.
 - d. The Board will enforce upon itself whatever discipline is needed to govern with excellence. Discipline of Board members will apply to matters such as attendance, preparation of meetings, policymaking principles, respect of roles, and ensuring the continuance of governance capability. Continual board development will include orientation of new Board members in the Board's governance process and periodic board discussion of process improvement.
 - e. Each member of the Board will support the final determination of the Board concerning any particular matter, irrespective of the member's personal position concerning such matter.
 - f. All board action requires approval by a simple majority of voting members unless otherwise noted.
 - g. A majority of the Board members constitutes a quorum (5 members).
2. The Board will produce written governing policies that, at the broadest levels, address each category of organizational decision:

 - c. Board/staff Relationship policies that indicate how power is delegated and its proper use monitored; including, but not limited to, the Superintendent role, authority, and accountability.
 - d. Executive limitation policies that indicates constraints on executive authority which establish the prudence and ethical boundaries within which all executive activity and decisions must take place.

3. To accomplish its purpose and responsibilities with a governance style consistent with board policies, the Board will follow an annual agenda.
 - a. The annual agenda will conclude each year at the beginning of June so that administrative planning and budgeting can be based on a segment of time no less than one year long.
 - b. The annual agenda will start with the Board's development of its agenda for the next year.
 - c. The annual agenda will ensure the Board completes a re-exploration of Valley Christian Schools policies.
 - d. The annual agenda will ensure the Board works to continually enrich board discussion and deliberation as well as improve its performance through board education of governance and education related to achieving the ideals of Valley Christian Schools.
 - e. The annual agenda will ensure the Board will monitor and discuss the Board's process and performance at least once per year. Self-monitoring will include comparison of board activity and discipline to policies in the Governance process and Board/staff relationship categories.
 - f. The annual agenda will ensure the Board will produce assurance of superintendent performance (using policies IV.1.1.d).
 - g. The annual agenda will include opportunities for Board members to submit suggestions for items to be included on the annual board agenda.

4. The Board will usually meet 6 - 7 times per year. Additional meetings may be scheduled as necessary.
 - a. All board meetings are considered open to the public, unless a closed session is called and not opened to the public. The BOD will give notice to the Society membership of matters on the meeting requiring a vote no later than the Monday before the meeting unless an emergency arises which does not allow for such notice. Publication of Board meeting agendas on the VCS website will be sufficient to give such notice. Board votes will always be in closed session, except for ministerial matters such as approving minutes of prior meetings, minor amendments or motions to adjourn a meeting.
 - b. In accordance with the articles of incorporation, minutes of all meetings and proceedings of the Board of Directors and of the Corporation shall at all times during regular business hours be subject to inspection of any member of the Corporation, this includes minutes of closed sessions in which a vote was taken. The record of the vote will include the issue addressed, the decision made and the number count on the vote. Minutes of closed sessions regarding personnel decisions or otherwise legally confidential matters will be kept by the Superintendent and not made publicly available. If personnel decisions or otherwise legally confidential matters pertain to the Superintendent, the minutes will be held by the Board President and not made publicly available.

- a. Members of the Board shall serve no more than (three) consecutive three-year terms.
 - 1) Members who serve a three-year term may be (re) nominated for Board membership.
 - 2) Re-nomination/nomination of Board members will require majority vote approval by the Board of directors before going before society for vote. Accordingly, no member should expect to be re-nominated at the end of his or her term.
 - b. Election is normally to take place at the spring Society meeting.
 - c. Outgoing Board members term ends and new Board members term starts the first Monday following the High School graduation. Both outgoing and incoming Board members vote on Office bearers at the Organizational meeting in June.

- a. Is personally committed to Jesus Christ as Savior and Lord and is actively involved in and regularly attends a Protestant church with the following conditions:
 - 1) At least seven (7) Board members must be members in good standing of an anchor church as defined in Section XIII.1.5. A maximum of two (2) Board members at a time will be allowed to be members in good standing of a non-anchor Protestant church.

h. Should a Board member desire employment (excluding a part-time supplemental role such as a substitute or coach), he or she must resign before submitting an application.

i. Should a near relative of a Board member apply for employment (excluding a part-time supplemental role such as a substitute or coach), the near relative cannot be considered for employment unless the Board member first resigns.

j. If near relative is employed by the school, the person cannot be considered as a candidate for the Board unless the near relative resigns employment.

k. When the Board is to decide upon an issue in which a member has an unavoidable conflict of interest, that member shall absent him or herself without comment from not only the vote but also from the deliberation.

7. The Board commits itself and its members to biblical, ethical, businesslike, and lawful conduct, including proper use of authority and appropriate decorum when acting as Board members. Accordingly:

a. Members must represent loyalty without conflict to the interests of the Society. This accountability supersedes any conflicting loyalty such as that to advocacy or interest groups and membership on other boards or staffs. It also supersedes the personal interest of any Board member acting as a consumer of the organization's services.

b. Members must avoid conflict of interest with respect to their fiduciary responsibility.

c. There must be no self-dealing or any conduct of private business or personal services between any Board member and the organization except as procedurally controlled to assure openness, competitive opportunity, and equal access to inside information.

8. The individual Board member has no authority except as explicitly set forth in board policies.

a. Board members' interaction with the Superintendent, staff or constituency must recognize the lack of authority vested in individuals except when explicitly board authorized.

b. Board members' interaction with public, press or other entities must recognize the same limitation and the inability of any Board member to speak for the Board except to repeat explicitly stated board decisions.

c. Board members will give no voice to individual judgments of superintendent or staff performance.

d. Board members will respect the confidentiality appropriate to issues of a sensitive nature.

9. The Board commits itself to the individual and collective participation of its members to ensure leadership success. Therefore each Board member is expected to participate in the following ways:

a. Attendance: As board contemplation, deliberation and decision-making are processes which require wholeness, collaboration and participation, attendance at board meetings is required of Board members. Members may not be absent from more than 4 (four) of the Board's regularly scheduled meetings in any fiscal year. Members may not miss three consecutive regularly scheduled meetings. Any absence that exceeds this allotment will be interpreted as that member's resignation from the Board. The Board may,

by a majority vote, reinstate a Board member.

b. Preparation and Participation. Board members will prepare for board and committee meetings and will participate productively in discussion, always within the boundaries of discipline established by the Board. Each member will contribute his or her own knowledge, skills and expertise to the Board's efforts to fulfill its responsibilities.

c. Members as Individuals. The Superintendent is accountable only to the Board as an organization, and not to individual Board members. Accordingly, the relationship between the Superintendent and individual members of the Board, including the Board chair, is collegial, not hierarchical.

d. Volunteerism. As the functioning and success of the organization depend largely on the involvement and dedication of volunteers, all Board members are expected to contribute a minimum of thirty (30) hours (inclusive of board meeting time) annually to the school. In view of the superintendent's responsibility for operational activities and results, members of the Board acting as operational volunteers are subject to the direct supervision of the Superintendent or responsible staff person.

e. Contributions. Each Board member is expected to contribute generously within their individual means to make an annual financial contribution to Valley Christian Schools. The demonstration of support, rather than the amount of the contribution, is of principal importance; members are expected to contribute only within their individual means.

f. The Board will be involved in raising funds as it may from time to time deem necessary.

g. Members will commit to regularly pray for the school.

10. At the beginning of each school year each Board member will read, sign, and give unconditional acceptance to the Code of Commitment and Ethics before given the authority and privileges of Board membership.

a. As a member of the Board of Directors of Valley Christian Schools, I will:

10) Regularly attend board meetings, committee meetings, and Valley Christian School Society meetings.

11) Participate in board assignments such as serving as a Board officer, serving on committees, attending special meetings, and interviewing prospective applicants of Board, or administrator.

12) Respect the roles and limits of Board and administration recognizing that the Board's job is to ensure that the organization is well managed.

13) Support the organization internally, externally, with time, expertise, and finances as able, defending its staff and mission as appropriate; serves as a goodwill ambassador.

14) Keep well informed of developments relevant to issues that may come before the Board and come prepared for meetings having read the reports and completed any assignments that may be required.

15) Support all board-approved policies and programs even if against them in discussion. I will maintain confidentiality of discussion and individual expressions of those attending board and committee meetings.

16) Follow board policies and procedures and refer complaints to the proper level on the chain of command.

17) Declare conflicts of interest between my personal and professional life and my position on the Board and abstain from voting or resign when appropriate. When the Board is to decide upon an issue in which a member has an unavoidable conflict of interest, that member shall absent him or herself without comment from not only the vote but also from the deliberation.

18) Respect the opinion of my fellow Board members and treat each member with respect and dignity.

19) Participate in all board orientation and training sessions and work to learn how to do the Board member's job better.

20) Participate in fundraising.

21) Abide by the rules of honesty and fair play in all matters related to my position as a Board member.

b. As a Board member of Valley Christian Schools, I will not:

1) Seek to change the mission, purposes, and programs that cause Valley Christian Schools to continue to pursue a biblical world-view based on a philosophy of Reformed Christian education as defined in Article V of the Articles of Incorporation.

a) Seek to change the implementation of the doctrinal and philosophical positions consistent with the Reformed heritage in school policies and to be taught in curriculum.

b) Seek to change Valley Christian from maintaining a Covenantal admissions policy.

c. I will resign if unable or unwilling to maintain the spirit or letter of this Code of Commitment and Ethics.

11. The Board may remove a present or newly elected Board member from that office

a. For the following conditions:

- 1) Should the Board member not meet minimum qualifications of policies III.3.9, III.3.10, and III.3.11.
- 2) Should the Board member, in the opinion of the Board, no longer meet minimum standards of board policies defined in III.3.6.
- 3) Should the Board member no longer maintain outstanding personal and professional qualities. The Board member must exhibit a firm commitment to Christian morals and principles, a dedication to Christian education, a love and interest toward children, youth, and be willing to put forth every effort to maintain the school's highest educational and moral standards. Therefore, the Board reserves its right to remove a present or newly elected Board member from that office for good cause. Good cause as determined by the Board of Directors will include any illegal conduct, any serious violations of the "good conduct" standards as stated in this document, any immoral act which is inconsistent with the Board member's position as a VCS leader and inconsistent with the VCS commitment to Christian morals and principles.

b) Process to remove a present or newly elected Board member as follows:

- 1) The Executive Committee is authorized to investigate the evidence for the accusation. The Executive Committee may meet with the accuser and/or the accused to gather information. If in the opinion of the Executive Committee there appears to be enough evidence to consider removing the Board member from office, the Executive Committee will recommend that the Board consider the issue.
- 2) The accused Board member should be informed in writing of the cause(s) for consideration for removal.
- 3) The accused Board member will be invited to give written or oral explanation or defense to the Board at the meeting considering removal. The accused Board member may not be present during the deliberation or vote on this issue.

12. Officers of the Board

a. Election of Board officers.

1) Board officers are normally elected at the June organizational meeting.

2) All Board members, including those retiring and those who are newly elected, may cast a vote for Board officers.

3) The Executive Committee may offer a recommendation for persons to serve in each of the officer positions.

4) Each person nominated must assent to serve in that position.

b. Duties of the President: The President assures the integrity of the Board's process and, secondarily, occasionally represents the Board to outside parties. Accordingly, the President:

1) Presides at all Board and Society meetings.

2) Ensures that the Board behaves consistently with its own rules and those legitimately imposed upon it from outside the organization.

3) Ensures content of meetings will be only those issues which, according to board policy, clearly belong to the Board to decide, not the Superintendent.

4) Ensures deliberation will be fair, open, and thorough, but also timely, orderly, and kept to the point.

5) The President will sign appropriate documents.

6) The authority of the President consists in making decisions that fall within topics covered by board policies on Governance Process and Board/Staff Relationships, except where the Board specifically delegates portions of this authority to others. The President is authorized to use any reasonable interpretation of the provisions in these policies.

a) The President is empowered to chair board meetings with all the commonly accepted power of that position (e.g., ruling, recognizing).

b) The President has no authority to make decisions about policies created by the Board within Valley Christian Schools and Executive Limitations policy areas. Therefore, the President has no authority to supervise or direct the Superintendent.

c) The President may represent the Board to outside parties in announcing board-stated positions and in stating chair decisions and interpretations within the area delegated to him or her.

d) The President will represent the Board in matters that relate to the Society.

e) The President may delegate this authority but remains accountable for its use.

f) The President may appoint members a chairperson for each Board committee, unless otherwise stipulated by board policies or the organization's by-laws.

2) Presides and performs the duties of secretary or treasurer in the absence of the secretary or treasurer.

13. Board committees will be used to reinforce the wholeness of the Board's job and so as never to interfere with delegation from Board to school Superintendent. Accordingly:

a. General conditions

1) Board committees are to help the Board do its job, never to help or advise the staff. Committees ordinarily will assist the Board by preparing policy alternatives and implications for board deliberation. In keeping with the Board's broader focus, Board committees will normally not have direct dealings with current staff operations.

2) Board committees may not speak or act for the Board except when formally given such authority

for specific and time-limited purposes. Expectations and authority will be carefully stated in order not to conflict with authority delegated to the Superintendent.

3) Board committees cannot exercise authority over staff. Because the Superintendent works for the full Board, he or she will not be expected to obtain approval of a Board committee before an executive action.

4) Committees, other than those listed in the Board policy manual, will be used sparingly and ordinarily in an ad hoc capacity.

5) This policy applies to any group which is formed by board action, whether or not it is called a committee and regardless whether the group includes Board members. It does not apply to committees formed under the authority of the Superintendent.

6) A committee is a Board committee only if its existence and charge come from the By-laws or Board, regardless of whether Board members sit on the committee. The only Board committees are those which are set forth in this policy. Unless otherwise stated, a committee ceases to exist as soon as its task is complete. The school Superintendent will serve as a non-voting member of each committee.

7) In order to allow the Valley Christian community to serve the school with the gifts and talents that the Lord has given each of them, volunteers will be allowed to serve on the committees of the Board:

- Each committee may have 0-2 volunteers each school year.
- Each volunteer must be a Society Member and approved by the full Board.
- Volunteers approved by the Board may vote on issues at committee meetings.
- Volunteers may ask to serve on a committee OR the committee may ask based on the current needs of the committee and the qualifications of the potential volunteer.
- Each volunteer would serve for 1 year. After each year of service the volunteer would need to be asked and be approved by the full Board again.
- Volunteers need to sign a Code of commitment and Ethics form before attending their first meeting.

8) All committee members excluding the Superintendent are able to vote on committee decisions. The Superintendent cannot vote because he is an employee of the Board.

9) Committee minutes must reflect any dissent and abstentions.

b. Executive Committee:

1) The Executive Committee members consist of the president, treasurer, secretary, vice-president, and vicar.

2) The Executive Committee will:

a) Act on behalf of the Board when action or timely information must be considered and it is expected that a quorum of the Board cannot be called together such as when the school is not in session or in case of emergency.

v) A Board member will make follow-up communication to give results of the interview.

vi) Information of approved candidates is to be made known to the Society.

vii) The VCS BOD candidate slate may include more than one non-anchor church member. To ensure compliance with sec.viii, however, the voting must result in the election of no more than the number of available non-anchor church board positions available in the given year. E.g., if only one non-anchor church member is on the slate, the non-anchor church candidate who has obtained the most votes and who has otherwise obtained enough votes to be elected will be offered a position on the Board.

viii) Produce a Board candidate list that will not result in the violation of Section III.2.6.a. There should never be the possibility of more than 2 non-anchor church members on the Board at any given time.

SECTION IV

BOARD/STAFF RELATIONSHIP POLICIES

IV.1 BOARD/STAFF RELATIONSHIP POLICIES

1. The Board's sole connection to the operational organization, its achievement and conduct will be through the Superintendent. The following policies are based on the assumption of delegated authority from Valley Christian Schools Society to the Board of Directors:

a. Only decisions of the Board acting as a body, by majority vote, are binding on the school Superintendent. Accordingly:

1) Decisions or instructions of individual Board members, officers, or committees are not binding on the Superintendent except in rare instances when the Board has specifically authorized such exercise of authority.

a) In the case of Board members or committees requesting information or assistance without board authorization, the Superintendent can refuse such requests that require, in the Superintendent's opinion, a material amount of staff time or funds or is disruptive.

b) The Superintendent shall provide reasonably requested information to the Board and committees so they can function effectively.

b. The Superintendent is the Board's only link to operational achievement and conduct, so that all authority and accountability of staff, as far as the Board is concerned, is considered the authority and accountability of the Superintendent.

1) The Board will never give instructions to persons who report directly or indirectly to the Superintendent.

2) The Board will refrain from evaluating, either formally or informally, any staff other than the Superintendent. The Board will review the administration staff's annual goals to ensure alignment with the strategic plan.

3) The Board will view superintendent performance as identical to organizational performance and achievement of personal development goals. Organizational accomplishment of board stated ends, avoidance of board proscribed means, and achievement of personal development goals will be viewed as successful superintendent performance.

c. The Board will instruct the Superintendent through written policies that prescribe the Valley Christian Schools results to be achieved, and describe organizational situations and actions to be avoided, allowing the Superintendent to use any reasonable interpretation of these policies.

1) The Board will develop policies instructing the Superintendent to achieve certain results, for certain recipients at a specified cost. These policies will be developed systematically from the broadest, most general level to more defined levels, and will be called *Valley Christian Schools policies*.

2) The Board will develop policies that limit the latitude the Superintendent may exercise in choosing the organizational means. These policies will be developed systematically from the broadest, most general level to more defined levels, and will be called *Executive Limitations policies*.

3) As long as the Superintendent uses any reasonable interpretation of the Board's Valley Christian

Schools policies and Executive Limitations policies, the school administrator is authorized to establish all further administrative policies, make all decisions, take all actions, establish all practices and develop all activities.

4) The Board may change its Valley Christian Schools and Executive Limitations policies, thereby shifting the boundary between Board and Superintendent domains. By doing so, the Board changes the latitude of choice given to the Superintendent. However, as long as any particular delegation is in place, the Board will respect and support the superintendent's choices.

5) Should the Superintendent violate a board policy, he or she shall promptly inform the Board. Informing is simply to guarantee no violation may be intentionally kept from the Board, not to request approval. Board response, either approving or disapproving, does not exempt the Superintendent from subsequent board judgment of the action nor does it curtail any executive decision.

6) Systematic and rigorous monitoring of superintendent job performance will be solely against the expected superintendent job outputs and developmental goals: organizational accomplishment of board policies on ends and organizational operation within the boundaries established in board policies on executive limitations.

7) Monitoring is simply to determine the degree to which board policies are being met. Data that does not do this will not be considered to be monitoring data.

8) The Board will acquire monitoring data by one or more of four methods: (a) by internal report, in which the Superintendent discloses compliance information to the Board, (b) by external report, in which an external, disinterested third party selected by the Board assesses compliance with board policies, and (c) by direct board inspection, in which a designated member or members of the Board assess compliance with the appropriate policy criteria (e.g.: Governance & Policy Committee), or (d) various groups or individuals.

9) In every case, the standard for compliance shall be any reasonable superintendent interpretation of the board policy being monitored.

10) All policies that instruct the Superintendent will be monitored at a frequency and by a method chosen by the Board. The Board can monitor any policy at any time by any method, but will ordinarily depend on a routine schedule.

11) The Superintendent shall provide an update to the Board any time a VC School policy is modified or changed.

d. Superintendent Evaluation

1) Purpose:

The purpose of evaluation of the Superintendent is to assess, confirm, and improve the performance of persons involved as members of the administrative team of Valley Christian Schools. Contract offerings should be related to understood expectations and results.

Evaluation of the Superintendent is the responsibility of the School Board, exercised through the Executive Committee. The Executive Committee shall have the responsibility of implementing the procedures and reporting its findings and recommendations to the full Board for final action.

Evaluation of the Superintendent shall be done annually to ensure the Board can address this matter at the January Board meeting. Evaluation should result in direct information to the person being evaluated. Although observation is a continuous process, there must be information gathered from various groups or individuals that will be able to respond from their perspective.

Because the Superintendent interacts with the Board, internal staff and external constituency,

information should be obtained from these sources as part of the periodic systematic evaluation program.

2) Evaluation Criteria:

Evaluation of performance in achieving results: Effectiveness can be defined as the relationship between results and expectations. The criteria by which the Board evaluates the Superintendent is the results in accomplishing the duties and the process of ethics, fairness, and leadership, described in the following:

- a) The general expectations are set forth in the job description and contract. They will be the general framework against which results are compared.
- b) The second component is the progress toward completing the Short and Long Range Goals of Valley Christian Schools as established by the Board.
- c) The third component is the *Special Objectives And Priorities* agreed-upon between the Superintendent and the Board. No later than March, normally from three to six expectations will be mutually agreed by the Board in the form of action plans or objectives, and criteria of evaluation.
- d) The fourth component is the result of surveys by employees or constituents as determined by the Board at the November meeting.
- e) The Board may assess superintendent performance and compliance by reviewing the Superintendent report on achievement and directly inspecting report on achievement and directly inspecting reports, documents, activities or circumstances or by appointing an independent auditor, inspector, or judge who reports directly to the Board.

3) Superintendent Evaluation Procedure

- a) The Superintendent prepares list of three to six special priorities and goals consistent with the strategic plan for the coming school year (normally February or March). The list should also include three to six personal development goals. The Board discusses this list and conclusions made at the February or March board meeting.
- b) The list of special priorities and personal development goals is reviewed and confirmed at the September or October board meeting. At any time during the course of the school year, either the Board or Superintendent may initiate changes depending on the circumstances of the project or other priorities being raised during the school year, or whenever the Superintendent or Board think a change is justified.
- c) At the November board meeting, the Superintendent submits his own written progress on the accomplishment to the pre-agreed Special Goals and Priorities and compliance to policies and limitations.
- d) The Superintendent will include other special goals and priorities that were accomplished.
- e) Discussion is held with the Board and Superintendent as to progress and concerns.
- f) In November, observation forms are completed in writing by Board members and by other persons from time to time as determined below and submitted to the Board President and/or The Executive Committee designates who collates the results.
 - i) The individual is to sign the Observation form. Signed forms allow the Board

President and/or Executive Committee designate to pursue individually stated concerns or problems that need resolution.

ii) The individual forms go only to the Board President and/or Executive Committee designate, are available for review by the Executive Committee, and then are destroyed. The Superintendent or the other Board members are given only the summary results, not the individual forms.

iii) Before the January Board meeting, the written and oral summary evaluation is discussed with the Executive Committee in executive session. The Executive Committee prepares a recommendation to the Board of Directors regarding reappointment of the Superintendent.

iv) The Board President and Vice President will share the results and Executive Committee recommendation with the Superintendent orally and in writing.

v) The Superintendent may request to meet with the Executive Committee to discuss the results and/ or recommendation prior to the Executive Committee making its report and recommendation to the Board.

vi) In January, the Board of Directors meets in executive session to review the report and recommendations of the Executive Committee.

vii) In January, the Superintendent meets with the Board to discuss the evaluation.

e. The normal employment contract for the Superintendent runs from July 1 through June 30. At the January board meeting, the Board will consider no later than January 30 the offering a contract for a one-year term of service (unless a longer term contract is negotiated), following the next school year. The Board can alter this if there is reason for probation or other reasons as agreed upon by the Superintendent.

1) In January, the goals that need to be emphasized for the remainder of the coming year or that need to be on the next superintendent's list of special goals and priorities are discussed for Superintendent presentation at the next board meeting.

a) Evaluation of performance by other groups:

i) The Board will determine in October whether observations from these various constituency groups will be included in preparing the superintendent's evaluation.

ii) Many of the functions of the Superintendent are performed outside the immediate supervision of the School Board. As a result, periodically obtaining observations from various sources can be helpful in determining the effectiveness as the Superintendent works with various primary groups.

iii) As appropriate, the Board will obtain representative observations from the following groups.

- Representative sampling of the employees of the school.

- Representative sampling of parents of the school.

2) Evaluation form will include the following questions:

a) How effectively does this person articulate the philosophy of the school either in writing or speaking?

Accordingly, the Superintendent shall:

SECTION VI

EXECUTIVE LIMITATIONS: PERSONNEL

SECTION VI.1: EXECUTIVE LIMITATIONS: PERSONNEL

1. With respect to the treatment of paid staff and/or volunteers, the Superintendent shall promote conditions that are fair, safe, biblical, dignified, and professional. Accordingly, the Superintendent shall:
 - a. Operate with written personnel policies that clarify personnel rules for staff, provide for effective handling of grievances, and protect against wrongful conditions. The grievance process for administrators (all administrative council) shall be as follows:
 - 1) The Board desires that the administrators (all administrative council) use the Matthew 18 principles (steps one and two) in speaking with the Superintendent; and then approach the Superintendent with another "brother" if the first step did not result in a satisfactory listening and response. The Board understands the delicate balance of this 2nd step if the issue is truly an individual-centric issue.
 - 2) If that process does not result in a satisfactory response, then the Board of Directors asks that administrators, either individually or as a group, file an official written grievance submitted to either the Board of Directors President or Vice-President. The Executive Committee will meet with the individual or the group and the Superintendent in compliance with the directives of Matthew 18.
 - 3) A key component is that the Superintendent must be aware of the concern via the first two steps of the Matthew 18 principle in advance of contacting the Board as it is all our desire to work through any situation in advance of including the Board of Directors.
 - 4) No employee who in good faith reports a concern shall suffer harassment, retaliation, or adverse employment consequence. An employee who retaliates against someone who has reported a violation in good faith is subject to discipline up to and including termination of employment.
 - b. Comply with the policy of non-discrimination.
 - c. Allow any staff member to appropriately express an ethical dissent.
 - d. Allow staff to bring grievances to the Board when the internal grievance procedures have been exhausted. A Board-approved grievance process and whistleblower policy will be published in the staff handbooks.
 - e. Acquaint staff with this policy.
 - f. Employ personnel that meet approved qualifications. Accordingly:
 - 1) All employees must profess Christ as Savior and Lord and maintain a Christian testimony. Employees who practice an unrepentant lifestyle considered to be immoral or inconsistent with the will of God as revealed in Scripture (Rom 1:26-32, 2 Tim 3:2-4, 1 Cor 6:9-10) will be subject to school discipline including but not limited to termination (See also Appendix C).

Valley Christian will not actively monitor the lifestyles of its employees outside of school. The school will ask for a signed agreement with its biblical positions upon employment. However, if Valley Christian is made aware of an unrepentant lifestyle during the course of employment, the school will partner with the family and church to determine the appropriate course of action.
 - 2) All employees must hold fast to the essential truths of the Christian faith as expressed in the Apostles and Nicene Creeds.

3) Administrative leaders must demonstrate knowledge of a Reformed worldview and commitment to the Reformed perspective as outlined in the three Forms of Unity (Heidelberg Catechism, Belgic Confession and the Canons of Dort) and the VCS doctrinal statement. Active membership in an evangelical reformed church is required. Evangelical reformed churches include the following denominations: Christian Reformed Church (CRC), Reformed Church in America (RCA), Presbyterian Church in America (PCA), Orthodox Presbyterian Church (OPC), and United Reformed Church (URC).

However, compelling personal reasons may require a member of the administration to choose active membership at another Protestant Christian church. Such membership is permitted only if the church's teaching does not conflict with the VCS doctrinal statement.

Each year the executive committee of the Board will verify active membership of all administrators. For those who chose a church outside of the evangelical reformed churches listed above, the executive committee will verify that the teachings of the church do not conflict with the VCS doctrinal statement.

4) Faculty members and long-term employees (including part-time employees, high school head coaches, teachers aides, bus drivers, and administrative assistants) must demonstrate agreement and knowledge of a Reformed worldview summarized in the VCS doctrinal statement. Membership in an evangelical reformed church is the most consistent choice for faculty members who are committed to the Reformed perspective. Faculty members should be active members of an evangelical reformed church as defined above.

Demonstrated agreement and knowledge of a Reformed worldview will not be required for short-term employees (ie: substitute teachers, non-high school head coaches, assistant coaches, janitors, etc). However, preference should be made to those with a Reformed worldview.

Compelling personal reasons may require a member of the faculty to choose active membership at another Protestant Christian church. Such membership is permitted only if the church's teaching does not conflict with the VCS doctrinal statement. The administrative leadership (Superintendent and Principals) will review teacher church membership every three years and verify the teachings of the church do not conflict with the VCS doctrinal statement.

5) Faculty members must subscribe to and are in full agreement with the following statement: "I believe the Scriptures of the Old and New Testament to be the Word of God, the only infallible rule of faith and practice, and that this divine Word of God has been most clearly and consistently interpreted in the Reformed Creeds."

6) Faculty members must enroll eligible children in Valley Christian Schools in grades one through twelve. An eligible child is defined as a child who is school age (Grades 1-12) and who pass academic requirements. Hourly employees (including preschool teachers and coaches) will not be required to enroll their children at VCS.

7) Faculty members must have a bachelor's degree. Faculty members must have received in the past or be in progress of securing a current teaching certificate/credential and/or a graduate degree. The certificate may be from any US State, Canadian Province, or other countries with credential programs. Unless determined by the Superintendent, support staff are exempt from holding a professional certificate recognized by a state.

8) All teachers (K-12) must be able to teach their curriculum/courses from a Reformed biblical world life view regardless of their personal denominational systematic theology. The Reformed worldview is that comprehensive, unified view of all creation and history inherent in the Reformed faith. The Reformed faith is the body of biblical truths recovered and developed by the sixteenth century Reformation of the church especially by the theological work of John Calvin. This faith is officially and authoritatively expressed in the Reformed creeds, the Three Forms of Unity (Heidelberg Catechism, Belgic Confession, and Canons of Dort) and the Westminster Standards (Westminster Confession of Faith, Westminster

Larger Catechism, and Westminster Shorter Catechism). It is expected that teachers at Valley Christian Schools would be in agreement with the Reformed faith, or at a minimum, be able to espouse the tenets of the reformed creeds and their effect on any curriculum topic.

9) All teachers (K-12) must show evidence of maintaining a professional status in the school system by (1) mastering his/her discipline and having the art of communicating it to the students; (2) gaining the confidence and respect of the students and his/her colleagues; (3) being able to modify and improve his/her image in the light of student, peer, and administrative feedback; (4) keeping current with his/her major teaching area.

10) No employee shall be denied employment on the basis of race, color, sex, and/or national origin.

g. Teachers of Bible in grades 7-12 must be active in attendance of a church that is in substantial agreement with Article V of the Articles of Incorporation.

h. The Superintendent should recruit teachers and administrators who have attended colleges and universities that teach a Reformed biblical world and life view when possible.

i. Not hire any administrator without board concurrence. Search committees for new administrators must contain at least one Board member.

j. Not hire or place in a position whose direct supervisor will be a near relative as defined as natural, step, or in-law of the immediate family to include grandparent, parents, spouse, sibling, or child. Except in a part-time supplemental role such as a substitute or coach.

k. Provide a format for all staff to offer feedback to the strategic plan, working conditions, and compensation annually. Results will be summarized and reported to the Superintendent, staff, and Board of Directors.

l. Ensure that all perspective full-time employees (administrators, faculty, and staff) undergo pre-employment criminal background checks to determine their qualifications and status as an applicant. The purpose of performing these checks is to determine and or confirm, within appropriate legal and professional limits, the qualifications and suitability of a job candidate for the particular position for which the candidate is considered. This policy will help ensure the safety of the public as well as a safe working environment at Valley Christian Schools. This policy will help ensure that employment-related decisions utilizing employment background checks are made in accordance with applicable law.

Unless otherwise provided by law, factors considered in determining suitability may include, but not limited to the following (*subject to Title VII of the Civil Rights Act of 1964, as amended, 42 U.S.C. 2000e et seq.*):

- Relevance of the crime to the position sought;
- The nature of the work to be performed;
- Time since the conviction;
- Age of the candidate at the time of the offense;
- Seriousness and specific circumstances of the offense;
- The number of offenses;
- Whether the applicant has pending charges;
- Any relevant evidence of rehabilitation or lack thereof;

2. Procedural Guidelines to the Superintendent for non-renewal of contracts due to decreasing enrollment:
 - a. Criteria for non-renewal of employment (These are not in priority sequence)
 - 1) Retain faculty and staff with specialized skills and/or qualifications that are necessary for the total operation of the school
 - 2) Retain faculty and staff who have been evaluated by the administration and determined to have the highest level of teaching or professional skills
 - 3) Retain faculty with the ability to teach a greater number of curricular areas
 - 4) Retain faculty and staff with appropriate credentials and/or who are seeking growth in their profession
 - 5) Retain faculty and staff with a longer history of teaching and experience in the areas of predicted school needs
 - 6) Retain faculty and staff with full-time status
3. Procedure
 - a. The Superintendent should appraise the faculty and staff as early as possible if it is projected that there may need to be a reduction of staff due to decreased enrollment.
 - b. The Superintendent should ascertain which faculty and staff are to be offered a contract for continue employment for the next school year at Valley Christian.
 - c. The Superintendent should inform in writing the faculty and staff who are to be reduced as soon as the school has made that decision.

EXECUTIVE LIMITATIONS: STUDENTS

SECTION VIII.1: EXECUTIVE LIMITATIONS: STUDENTS

1. Discipline is the process by which one learns to live consistently according to the demands of Christ – discipleship. Valley Christian students take upon themselves the responsibility of defending and promoting the ideals of the school by their actions and words. Students are to conduct themselves at all times in a manner consistent with that expected of a Christian and to conduct their lives so as to bring honor and respect upon themselves and their school.

The school is interested in and responsible for promoting values and behaviors that are consistent with the Kingdom of Christ. The school has obligations both to the individual student and to the school community. The school is interested in both preventing problems as well as helping those who may need help in dealing with problems.

Therefore the Superintendent shall:

a. Ensure students are taught the purpose of discipline is the Christian’s pursuit to make his whole being reflect joyful obedience to God expressed in love and service toward his fellow man. Students should understand that discipline is an act of love, and that VCS loves students enough to discipline them. It is important that the student appreciates the value and contribution of others as image-bearers of God and members of this community. Together we strive to bring honor to Christ in both our Christian education and in the relationships in which we live.

1) Self-control in living according to the principles of Christian living.

Students who practice an unrepentant lifestyle considered to be immoral or inconsistent with the will of God as revealed in scripture (Rom 1:26-32, 2 Tim 3:2-4, 1 Cor 6:9-10) will be subject to school discipline including but not limited to expulsion (See also Appendix C).

Valley Christian will not actively monitor the lifestyles of its students outside of school. The school will ask for a signed agreement with its biblical positions upon enrollment. However, if Valley Christian is made aware of an unrepentant lifestyle during the course of enrollment, the school will partner with the family and church to determine the appropriate course of action.

2) As Christians, we live in a community. It is necessary that each individual help and be helped by the community in maturing in discipleship of Christ. There needs to be encouragement when consistency is exhibited and correction when there is inconsistency.

2. The Superintendent shall establish administrative policies and procedures for student behavior expectations that promote an orderly school organization and conduct that supports Christian relationships and enhances the school’s philosophy and goals.

a. Such policies at school or school-sponsored events shall include, but not be limited to:

1) Reserving the right of the school to search all vehicles, lockers, backpacks, purses, duffle bags, and persons for drugs, alcohol, and contraband of all types when on campus or in conjunction with a school sponsored activity, including reserving the right to use professionally trained enforcement means such as dogs or use of a Breathalyzer.

2) The Superintendent will ensure that, while under the supervision of the school, students will wear uniforms as approved by the school.

b. Minor infractions of the rules of the school or classroom may be dealt with by the teacher. If the problem becomes repetitious, or is of a more serious nature, it will then involve the parents and the school

administration.

The Superintendent shall enact subordinate policies and procedures for due process that, while recognizing the variances of each case, are consistently followed and applied. During the period of suspension, academic credit can normally be awarded for schoolwork that is to be completed according to the regular class schedule. The teacher will not issue assignments that require the student's presence. The teacher may require alternative assignments. The following policy will be followed in the case of suspension or expulsion decisions:

1) Suspension for a pattern of behavior:

a) The Administration shall ensure that the student's parents are kept informed of acts that constitute a concern that suspension might result in consequence.

b) The Administration shall follow a process that enforces proportional disciplinary measures to ensure the student understands the seriousness of which continued behavior will result.

c) The Superintendent can delegate to the campus principal the authority to determine suspensions.

d) In the case that this authority is delegated, the principal shall communicate the decision to suspend directly to the student and the student's parents. Should the parent(s) appeal the decision, the Superintendent will constitute the final authority.

- b. Provide a cover letter to the Executive Committee of the Board of Directors with the final recommendation by the Superintendent with explanation, and attach the original letter by the campus principal.
- c. If during this process, the Superintendent and campus principal agree to modify the decision to expel, then no action is required to the Executive Committee of the Board.

ii) If a ‘concur’ with the recommendation is determined by the Superintendent, the following procedure should be followed:

- a. Provide a cover letter to the Executive Committee of the Board of Directors with the final recommendation by the Superintendent with explanation, and attach the original letter by the campus principal.

iii) The Executive Committee of the Board of Directors will receive the Superintendent’s recommendation and conduct a regularly stated meeting, or a special meeting, of the Executive Committee to be completed within one week of receiving the Superintendent’s recommendation. The Executive Committee will review the recommendation, and can call for testimony by the Principal, Vice-Principal (as appropriate, school counselors, teachers, parents or other relevant persons. The Executive Committee will then prepare a motion for the full Board to concur or non concur with the recommendation of the Superintendent. A meeting of the full Board (stated or special) will be convened no less than one week after the Executive Committee has first met to determine their motion. Should the Executive Committee decide to honor the appeal, the Executive Committee shall reconvene a full meeting of the Board within five (5) days of their decision, and provide a motion to the Board to rescind the decision to expel with appropriate explanation and follow-on recommendations.

3. Valley Christian is to be a living example of a Christian learning community. Valley Christian students take upon themselves the responsibility of defending and promoting the ideals of the school by their actions and words both while at school and during out of school time. Students are to behave at all times in a manner consistent with that expected of a Christian and to conduct their lives so as to bring honor and respect upon themselves and their school. The school may take disciplinary action, even though the behavior was not at school or at a school sponsored activity in cases in which there is a serious immoral and/or illegal behavior that is opposed to the philosophical, religious, and organizational standards of the school and that will negatively affect the school community.

a. Recognizing student discipline outside of school is primarily a parent responsibility, the school should be reluctant to prepare or enforce policies except when the student behavior is serious immoral and/or illegal behavior that is opposed to the philosophical, religious, and organizational standards of the school and that will negatively affect the school community.

b. Serious behavior includes that which is illegal (excluding minor traffic or similar offenses) or behavior that is included in policy VIII.2.e and VIII.2.f and as follows:

1) Students and faculty who use internet blog services and websites such as *Facebook* or *Twitter*, at school or in private, are subject to school discipline if, in the opinion of the school, the communication promotes behavior that is seriously immoral and/or illegal or that are opposed to the philosophical, religious, or organizational standards of the school and that these communications or promotions will negatively affect the school community.

2) Students and faculty who use internet blog services and websites such as *Facebook* or *Twitter*, at school or in private, are prohibited from posting, in the school's opinion, unflattering, character-defaming information, or a false profile that degrades or harms Valley Christian School or a Valley Christian Schools student, family or employee.

3) Misuse of such media is considered more serious if the student or faculty member is identifying him/herself or others as members of the Valley Christian Schools community.

c. A negative effect on the school community may be one that creates an environment that gives approval of unacceptable behavior to other Valley Christian students, for example, by participating in the unacceptable behavior in the presence of another Valley student, by communicating with another Valley student of the unacceptable behavior without remorse for the breach of the moral aspect, or by the unacceptable behavior becoming known to the school community through the media or is otherwise broadly known. A negative effect on the school community may be one in which the student who has participated in the unacceptable behavior is identified as a Valley Christian Schools student to the public.

d. School expectations of students.

1) If the student is at a location where illegal, immoral, or other seriously unacceptable behavior is taking place, such as drugs or alcohol being used by minors, the student has the obligation to pursue all means to leave the premises immediately. If the administration believes that the most expeditious means to leave were not taken, the student is presumed to have participated in the activity in fact as well as in spirit.

2) The student is expected to tell the whole truth concerning the situation.

a) Voluntary disclosure of a violation of this policy by the student and/or the parents genuinely seeking to permanently correct this conduct will be dealt with on an individual basis by the administration. This is still considered an offense and merits disciplinary actions, but the administration may consider a reduction in the penalty.

b) If a student lies during the investigation or enforcement process, a significantly greater penalty could result.

4. The Superintendent will respond to serious offenses that occur either at school or outside of school or school sponsored events in which the administration deems it to take action.

a. The Superintendent is to indefinitely suspend and/or recommend expulsion of students from school classes and extracurricular events.

b. It is expected the student will not return to Valley Christian Schools unless the student exhibits a sincere heartfelt repentance with a commitment to change, and the family will submit a written plan to the administration establishing how the student will restore relationships, and ensure that the student will not be a repeat offender or detrimental influence on others.

c. The Board may withhold expulsion upon acceptance of the written plan and when considering the student's broader previous general contribution to a Christian school environment and culture, positive service and influence, academic success, attitude of cooperation, and spirit of repentance.

1) If the infraction was for a violation involving drugs, the student may not be readmitted until a test is

conducted by a qualified, school-approved physician or laboratory and the test results made available to the school results are negative.

5. The Superintendent shall develop policies that ensure student health and safety.

- i. Each family is required to fulfill ten (10) hours of service per year. To fulfill the ten service hours, there are two options; (1) sign up for ten hours of actual service selecting from areas of interest on the Family Service Hours form or (2) pay a fee to opt out of service.
- j. Ensure the parent(s)/guardian and student understand that they are on probation for the first full semester of middle school or high school or first 20 weeks of elementary school, in order for the Administration (normally the site principal) to monitor the conduct and academic performance of incoming students and church attendance--or extend it. Probation means the Administration (normally the site principal) has the authority to dismiss a student without Board involvement during that time period.

At the end of a school year, Administration (normally the site principal) may deny continued enrollment if a child is not making progress academically or behaviorally, and/or the parents/guardians are not adhering to school policies, including but not limited to financial responsibilities and admissions policies.

Parents/guardians may appeal such a decision to the Superintendent and appeal further to the Board if desired.

A student may be placed on probation, based upon the above terms, if he/she falls behind academically, has behavioral problems, or parents do not uphold financial or admissions responsibilities.

- 4. Ensure PRESENT families intending to re-enroll children for the next school year meet minimum criteria.
 - a. At least one parent/guardian must be united in their desire to have their child(ren) taught from a Christian perspective consistent with the philosophy of Valley Christian Schools.
 - 1) Ensure that each year at least one parent must sign a statement that they understand and acknowledge that their child(ren) will be taught from a Christian perspective consistent with the philosophy of Valley Christian Schools.
 - b. Ensure that each year at least one parent/guardian has a clear testimony of personal faith in Jesus Christ as Savior, is active in a local Protestant, Catholic, Orthodox, or Seventh Day Adventist church and is not participating in practices that would be considered illegal, or considered by the school as immoral or inconsistent with a Christian Biblical Worldview such as such as cohabitating without marriage or in a homosexual relationship. (See Leviticus 20:13 and Romans 1:27)

Parents/Guardians who practice an unrepentant lifestyle considered to be immoral or inconsistent with the will of God as revealed in Scripture (Rom 1:26-32, 2 Tim 3:2-4, 1 Cor 6:9-10) will be subject to school discipline including but not limited to denying enrollment of their children (See also Appendix C).

Valley Christian will not actively monitor the lifestyles of its parents/guardians. The school will ask for a signed agreement with its Biblical positions upon enrollment. However, if Valley Christian is made aware of an unrepentant lifestyle during the course of enrollment, the school will partner with the family and church to determine the appropriate course of action.

- 1) Present Valley Christian families who intend to re-enroll their oldest student entering grades three, seven, nine, and eleven the next school year are required to submit a form to verify continued regular local church attendance and involvement to be completed by a current report from the pastor. In the event that a report from the pastor is not possible, a report can be secured from an elder or other church leader. This requirement can be waived by the administration for families who have had the Pastor's report completed satisfactorily within the previous year.
- 2) The school will have evidence that the student will succeed in a regular school academic program.
- 3) The school will have evidence that the student will succeed in a regular school environment in behavior and citizenship.
- 4) Each year parents must sign an acknowledgement that they understand and acknowledge that they and their child(ren) will comply with the rules of the school, including out-of-school expectations.
- 5) Ensure the student continues to meet age and residence requirements.
- 6) Students must reside with their parent(s) or guardian(s), or in a home approved by their parent(s) or guardian(s). The school retains the right to deny continued enrollment to students whose living arrangements are, in the school's judgment, detrimental to the school body.
- 5) Parent(s)/guardians(s) must sign the completed Family Application form and the Contract that includes financial commitment.
 - a) Students in grades 7-12 must complete the designated areas and sign the Family Application form.
- 6) Each family is required to fulfill ten (10) hours of service per year. To fulfill the ten service hours, there are two options; (1) sign up for ten hours of actual service selecting from areas of interest on the Family Service Hours form or (2) pay a fee to opt-out of service.
5. Ensure communication to parents and guardians that statements made on any form or made to any person representing the school that are found to be false or misleading are grounds for immediate dismissal of the student.
6. Ensure communication to parents and guardians that if there is evidence that the parent of custody is not living in accordance with the Christian principles, such as engaging in illegal, or in the school's opinion, immoral activities, the administration is to assess whether there is an infraction and determine a course of response, up to and including expulsion of the student.
7. Exceptions to family compliance to policies:
 - a. Church attendance exceptions.
 - 1) For families that are moving from another community or families who are actively seeking a different local church.
 - 2) Those families must have a current pastors report from their out-of-state church, indicating a pattern of their active attendance before they may enroll for or attend the next school year.
 - 3) Parents not able to present a current Pastor's form will be placed on the enrollment "waitlist" and are

not considered enrolled for the next school year. Parents not enrolled due to not having a completed Pastor's form may seek a meeting with the administration for explanation.

b. Academic exception.

1) The administration may consider admitting a student with insufficient evidence that he or she will succeed in a regular school academic program under the following circumstances.

i) Student is enrolled in an Valley Christian program or an Valley Christian approved program that provides the expectation that the student will succeed at grade level in the regular classroom environment within at least three years.

ii) The student will be admitted under the status of "Academic Probation."

- The student may not have more than one F in a quarterly grading period and the student must show progress in the deficient area for each grading period (except one) by grades on the report card and/or academic testing.

- If a student does not increase academic performance each quarterly grading period (except one), the student will be required to withdraw from Valley Christian at the second quarter there is not progress and the student remains below the required standards.

c. Behavior exception.

1) The administration may consider admitting a student with insufficient evidence that he/she can succeed from a behavior standpoint for medical reasons only.

8. Admissions restrictions due to class size.

a. Superintendent shall admit the following eligible students, even if maximum range number is reached.

1) Students enrolled in the current year.

2) Students of employees and Board members.

3) Students of full time pastors from supporting churches.

b. If the enrollment for a class exceeds the allotted number, the Superintendent shall compile a wait pool with the following priority of admittance as long as they meet appropriate admission deadlines:

1) Families from anchor churches.

2) Present families with sibling already in attendance at Valley Christian if the new student meets admittance standards.

3) Other as determined by administration.

SECTION XII

EXECUTIVE LIMITATIONS: RELATIONS WITH THE HOME

SECTION XII.1: EXECUTIVE LIMITATIONS: RELATIONS WITH THE HOME

1. Valley Christian is philosophically an extension of the Christian home and strives to continually ensure the ties between home and school are cordial and mutually supportive and consistent with the school's philosophy. Accordingly the Superintendent shall establish policies and practices:
2. That incorporate the following principles for Non-custodial parents that make clear that:
 - a. Ordinarily the school will not limit or restrict a parent's involvement in school-related affairs or access to the parent's child or the child's records, unless the school is presented with a court order or comparable legal document restricting such involvement or access.
 - b. The school will not permit access to a child, to school-related activities or records, if such access is prohibited by a court order or comparable legal document.
 - c. If the actions of parent(s) become disruptive to the operations of the school, the school has the right to restrict access by such parent(s) and to take other reasonably necessary action.
 - d. Concerning student activities that require parental consent, the school will not accept consent from a parent if the school has been provided with a court order or comparable legal document which indicates that such parent lacks such authority.
3. That allow Parent/teacher conferences to be scheduled for all parents at their request and report cards and record of other assessments to be sent to all parents at their request.
4. That enhances communication between home and school.
5. That ensure all perspective volunteers undergo a criminal background check with the following provisions:
 - a. Criminal background checks shall always be done if the volunteer will ever be in a situation where he/she is alone with students/children. This includes acting as a driver to/from school events.
 - b. A background check is not required if the volunteer is volunteering for a one-time (or infrequent) field trip, playground, or classroom aid experience AND will not at anytime be alone with children without a Valley Christian Schools employee present.
 - c. Volunteers who practice an unrepentant lifestyle considered to be immoral or inconsistent with the will of God as revealed in Scripture (Rom 1:26-32, 2 Tim 3:2-4, 1 Cor 6:9-10) will be subject to school discipline including but not limited to denying volunteerism (See also Appendix C).

Valley Christian will not actively monitor the lifestyles of its volunteers outside of school. The school will ask for a signed agreement with its Biblical positions upon commencing volunteerism. However, if Valley Christian is made aware of an unrepentant lifestyle during the course of volunteerism, the school will partner with the family and church to determine the appropriate course of action.

SECTION XIII

EXECUTIVE LIMITATIONS: RELATIONS WITH CHURCH AND COMMUNITY

SECTION XIII.1: EXECUTIVE LIMITATIONS: RELATIONS WITH CHURCH AND COMMUNITY

1. Valley Christian Schools exist to support the Christian Church with specific emphasis in upholding the polity and core doctrines of the Reformed tradition as expounded on within *the Three Forms of Unity* (Belgic Confession, the Heidelberg Catechism, and the Canons of Dort). By supporting the Church, Valley Christian partners in covenant with the Church and members of the Church to educate children about God's creation – God Himself, the student, God's visible creation, and God's invisible creation. All education at Valley Christian is subject to God's revelation and truth found in Holy Scripture.

2. Valley Christian Schools partners with all CHRISTIAN churches who espouse the essentials of the Christian faith best expressed in the Apostles' and Nicene Creeds. The outcome of this partnership is to produce men and women who:

- are taught a Christian world-life-view.
- are equipped to serve the Church, the family and the world in honorable and noble vocations.
- are disciplined alongside the home and the church to follow Jesus, build up the Body of Christ, His Church, and engage in the world to bring the Good News of the Gospel.

3. Valley Christian Schools partners with SUPPORTING churches. In order to be recognized as a supporting church, each local congregation is expected to meet the following criteria:

- a. The doctrine of the church must be in agreement with the Apostles' and Nicene Creeds.
- b. Supports Valley Christian Schools in a defined, demonstrative way such as financial gifts, advocacy, promotion, free rent of facilities, etc.

4. If a church agrees to the criteria above, the Board will consider them for SUPPORTING church status. Full Board approval is required for a congregation to become a supporting church.

5. Valley Christian Schools explicitly partners with ANCHOR churches. In order to be recognized as an anchor church, each local congregation is expected to meet the following criteria:

- a. The doctrine of the church must be in agreement with those principles on which Valley Christian Schools was founded, and which are currently stipulated in the Articles of Incorporation.

1) Whenever a church does not adhere specifically to the Three Forms of Unity (Belgic Confession, the Heidelberg Catechism, and the Canons of Dort), that congregation is required to submit a written confirmation (Appendix B) that their doctrinal standards are in substantial agreement with the Reformed Confessions as stated in Article V of the Articles of Incorporation.

a) Adherence to the Westminster Confession may be recognized as substantial agreement with the Reformed Confessions. This could allow some Presbyterian churches to be anchor churches (such as OPC and PCA).

b) Substantial agreement to the Reformed Confessions must include adherence to covenant theology (as described in the VCS Doctrinal Statement). Covenant

theology is a core value of Valley Christian Schools. The practice of infant baptism is a requirement since it clearly indicates our understanding of covenant theology.

c) A non-confessional church which does not specifically call out adherence to the Three Forms of Unity or Westminster Confession must provide agreement (Appendix B) from the Lead Pastor AND Church Council with the VCS Doctrinal Statement to meet the requirement for substantial agreement with the Reformed Confessions.

d) An anchor church which does not specifically call out adherence to the Three Forms of Unity or Westminster Confession must re-submit agreement (Appendix B) with the VCS Doctrinal Statement every five (5) years or any time there is a substantial change in church leadership (ie: new Lead Pastor) to maintain its anchor church status.

2) This written confirmation (Appendix B) will need to be approved by the full Board before the church will be considered as an anchor church. The Board may seek advice from other anchor church pastors before making this decision.

b. The governing body of the church will agree to cooperate with the School's promotional program (ie: distribution of material, use of bulletin covers, church bulletin inserts, bulletin notices, etc)

c. The governing body of the church must agree to support the School financially. This can be done by supporting school fund drives, scheduling offerings, budgeting a given amount annually, use of facilities as schedule allows for special events (free or at cost), or any other method that seems suitable.

d. The governing body of the church affirms the essential partnership to come alongside the school for teaching a reformed worldview to its covenant children.

e. The governing body of the church advocates for its covenant children to attend the School.

6. If a church agrees to the criteria above, the Board will consider them for ANCHOR church status. Full Board approval is required for a congregation to become an anchor church.

7. Valley Christian Schools is a vital member of a diverse and multicultural community and will serve the community by:

- honoring the core principle that we are all one in the body of Christ (Gal 3:27-29).
- committing to local and distant missions of charity and service.
- supporting our civic and community duties, being active and engaged in community events and leadership.

We believe that should parents choose a formal Christian school to do this work, this is best done when the School, the Church, and the parents are all aligned and working as one. In this ‘three-legged stool’, both ANCHOR Churches and SUPPORTING Churches are defined as churches that affirm the unity of the covenant work and directly receive the benefits of the Christian school.

VALLEY CHRISTIAN SCHOOLS DOCTRINAL STATEMENT

The principle teachings of the Christian faith as set forth in these writings may be summarized as follows:

Essentials Of The Christian Faith

THE HOLY SCRIPTURES - The Bible is the inspired word of God and hence is man's infallible guide in all matters of which it treats. It consists of sixty-six books and was given to man through human authors who were so influenced by God and the Holy Spirit that what they wrote is the Word of God. Our ultimate authority is the Bible.

GOD - There is only one eternal, all-powerful, and all-knowing, triune God. This means that the one God is, at one and the same time, the Father, the Son, and the Holy Spirit. Each Person in the Godhead is fully God with all the infinite qualities, yet each Person is also completely distinct. This is the mystery of the Trinity. Although the three Persons are active in all the works of God, there are distinctions in function. Creation and providence are particularly ascribed to the Father. The Son is the Mediator who became flesh that He might be the Savior of sinners. The Holy Spirit is the Sanctifier of the Church.

MAN - Man and his environment have come into existence by the creative act of God. Unlike other creatures on the earth, man was created in the likeness of God. As God's image-bearer, man was created in a state of righteousness to be the servant and friend to God. The original pair, Adam and Eve, yielded to the temptation of Satan and violated the express command of God. They thus abandoned their righteous condition and fell into sin. As representatives of the race that was to spring from them, they involved all of humanity in sin. As a result all are born in a sinful condition and cannot find acceptance with God, unless they are redeemed by Christ.

SALVATION - Salvation is freely given by God, merely of grace, only for the sake of Christ's merits. The Lord, Jesus Christ, the Second Person of the Trinity, became flesh, lived a sinless life, and died a substitutionary death and arose from the grave to redeem God's elect. God grants and credits such sinners the perfect satisfaction, righteousness, and holiness of Christ, as if they had never sinned nor been a sinner. Only this can make one right with God. This righteousness can be received in no other way than by faith alone. In this way they are justified before God's judgment, adopted into the family of God, and made ready for heaven.

THE COVENANT OF GRACE AND CHRISTIAN WORLDVIEW - God enters into a covenant with those whom He is saving. As God revealed to Abraham, this covenant includes the children of believers. These covenant children bear a special relationship to God and have a special responsibility. Thus God's people, the Church, are regarded as being made up of believers and their children. The children should be equipped with knowledge to bring peace and transformation into our fallen world. Thus, we teach children how to live in the world as opposed to sheltering them from the fallen world.

SANCTIFICATION - Those sinners who have been brought into God's Covenant of Grace are indwelt by God, the Holy Spirit from the moment of their regeneration so that they are now able to glorify God through righteous and holy living. The guide for this holy living is found in the Moral Law of God as set forth in the Ten Commandments and as summarized by Christ in Matthew 22:37-39: "Jesus said unto them, Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and great commandment. And the second is like unto it, thou shalt love thy neighbor as thyself."

We affirm this call to holiness in all aspects of our lives (1 Pet 1:14-16, Rom 1:7, 1 Cor 1:2, Eph 1:4, 1 Thess 4:7, Rom 1:29-32, 2 Tim 3:2-4, 1 Cor 6:9-11, Gal 5:22-23). Regarding human sexuality, our position is the following:

1. We believe that heterosexual practice outside the covenant of marriage and all homosexual practice is incompatible with the will of God as revealed in Scripture.
2. We believe that transgender practice is incompatible with the will of God as revealed in Scripture.

Although the believer must struggle against his sinful nature throughout this life, the indwelling Holy Spirit will increasingly bring forth in this life the fruits of sanctification.

FINAL THINGS - When history has run the course laid out for it in God's plan, the Lord, Jesus Christ will return in power and glory to judge impenitent sinners and to take His redeemed people to live with Him for eternity. Until that time it is the duty of God's people to glorify the name of their Covenant God by living righteously and prayerfully, by witnessing concerning His grace to all people, and by bringing all things into subjection to the Lordship of Christ.

Reformed Distinctives

1. All areas of life are created by God and need to be transformed, enjoyed, and worked by His people. All things were created good and became corrupted with sin. We are called upon to bring restoration to this fallen world with the help of God, to understand it and be a light in it.
2. God's plan of salvation has not changed throughout history. A single plan of God's love has been unfolding since creation.
3. Infants are baptized to indicate they are part of his covenant of grace. As they mature, they publicly express their desire to commit their life fully to God.
4. The understanding of the depth of our sinfulness and our inability to achieve salvation outside of the grace of God is specified in the Canons of Dort. Specifically, there are five points that are helpful in distinguishing reformed beliefs regarding salvation:
 - a. Radical Corruption. We believe sin has corrupted every aspect of our being. People are unable to choose God without first being regenerated (reborn) by the power of the Holy Spirit.
 - b. Unconditional Election. God chooses to save people from sin's penalties based on his sovereign plan.
 - c. Intentional Atonement. The extent of Christ's sacrifice is focused on the elect. This means that his atonement was completely effective in bringing about salvation for everyone in God's salvation plan.
 - d. Effectual Calling. God's regenerative call is completely effective and cannot be rejected. Once someone is born again, they will follow God's call.
 - e. Preservation of Believers. God's elect cannot lose their salvation.

Theological Differences

1. We do not believe in the infallibility of any church pontiff, cardinal, or patriarch.
2. We do not believe in purgatory.
3. We do not believe in devotion to Mary or "The Saints," nor are they intermediaries between us and God.
4. We do not believe a human priest can mediate between Christians and God.
5. We do not believe in mortal and venial sins because all sin renders us guilty before God.
6. We do not believe that people can contribute towards their salvation or can earn salvation through their good deeds and actions.
7. We do not believe that Christ had only a divine nature while on earth.

Appendix C

Position Paper on Human Sexuality¹

Because human beings are created in God's image, we affirm that all humans, regardless of gender identity or sexual orientation, have inestimable value and must be treated with dignity and respect. (Gen 1:26-27)

We affirm a call to holiness. While our position on human sexuality is addressed here, God calls Christians to holiness in all aspects of our lives². (1 Pet 1:14-16, Rom 1:7, 1 Cor 1:2, Eph 1:4, 1 Thess 4:7, Rom 1:29-32, 2 Tim 3:2-4, 1 Cor 6:9-11, Gal 5:22-23)

In the pursuit of holiness, we recognize that all of us in the Valley Christian community are struggling with desires that could lead to sin. We need to bear our crosses together and help one another with our heavy burdens. It is our hope and prayer that those struggling with issues of human sexuality will see a community in which all of us are facing the demands of the gospel and the struggle against sin.

As a community that views Scripture to be the Word of God and the only infallible rule of faith and practice, Valley Christian Schools is committed to addressing all the issues of human sexuality with GRACE and TRUTH.

**“We have seen his glory, the glory of the One and Only, who came from the Father, full of grace and truth.”
John 1:14 (NIV)**

A key Scripture passage that summarizes our GRACE and TRUTH approach to the fallen state of humanity and forgiveness offered through Jesus Christ, is the following statement by Paul to the church in Corinth:

TRUTH: “Do you not know that the wicked will not inherit the kingdom of God? Do not be deceived: Neither the sexually immoral, nor idolaters, nor adulterers, nor male prostitutes, nor homosexual offenders, nor thieves, nor the greedy, nor drunkards, nor slanderers, nor swindlers will inherit the kingdom of God.”

GRACE: “And that is what some of you were. But you were washed, you were sanctified, you were justified in the name of the Lord Jesus Christ and by the Spirit of our God.” 1 Cor 6:9-11 (NIV)

In TRUTH we affirm:

- A. The Creator's intent for human sexuality finds its fulfillment between a biological man and a biological woman within the bonds of the marriage covenant. To experience the fullness of God's loving intent in human sexuality, sexual experience is intended to be celebrated between a biological man and a biological woman within that covenant union. (Gen 2:22-24; Pr 5:18-19; Mt 19:4-6; Mark 10:6-9; I Cor 7:1-9)
- B. Heterosexual and same gender lust is a condition contrary to God's created order which reveals the brokenness of our sinful world and the effects of sin on God's intent for human sexuality. Heterosexual and same gender lust is incompatible with the will of God as revealed in Scripture and is sin requiring confession and repentance. (Matt 5:28; I Cor 6:18-20; Eph 5:3)
- C. Heterosexual practice outside the covenant of marriage and all homosexual practice is incompatible with the will of God as revealed in Scripture and is sin requiring confession and repentance. (Pr 5; He 13:4, Lev 18:22, 1 Cor 6:9-10; 1 Tim 1:9-10, Rom 1:26-27)
- D. The Creator's intent for each person to live out the calling of their biological gender. Conflict with biological gender is part of the fallen condition. God's creation of each individual is not gender neutral. Transgender practice^{3,4} is incompatible with the will of God as revealed in Scripture and is sin requiring confession and repentance⁵. (Gen 1:27-28, Gen 5:2, Ps 139:13-16, Deut 22:5)

E. Our sure and certain hope that those guilty of violating God's will for human sexuality can find grace, forgiveness and restoration through Christ. (Rom 6:23, Eph 2:8-10)

F. Our commitment to communicate and uphold God’s standards for human sexuality with grace, mercy, and equity (Phil 2:1-5, Eph 5:1-2)

With GRACE we commit to:

A. Exercising patient understanding of and compassion for all employees, volunteers, parents/guardians, and students with issues of human sexuality.

B. Drawing a clear distinction between practice and attraction/desire in the Christian life. Heterosexual attraction outside the covenant of marriage, same gender attraction, and transgender desire by themselves are not considered sin. However, putting these attractions and desires into practice would be considered sin requiring confession and repentance.

C. Ensuring an environment that is free from discrimination.

1. No employee, volunteer, parent/guardian, or student will be forced to disclose their sexual attraction or transgender desire.

2. No employee or volunteer will be terminated or excluded on the basis of their sexual attraction or transgender desire.

3. No parent/guardian will have their children denied enrollment or excluded based on their sexual attraction or transgender desire.

4. No student will be expelled or excluded on the basis of their sexual attraction or transgender desire.

D. Insisting upon an atmosphere that is a safe environment for all employees, volunteers, parents/guardians, and students.

1. Physical assault, harassment (snide remarks, jokes, innuendo, slogans, disparaging terms), or bullying on the basis of one’s sexual orientation or gender identity will not be tolerated.

2. Any level of Lesbian, Gay, Bisexual, Transgender, Questioning (LGBTQ) or anti-LGBTQ activism is regarded as incompatible with the Christian community and will therefore not be tolerated.

E. Providing employees, volunteers, parents/guardians, and students whose sexuality does not align with God’s perfect intent with:

1. A humble, compassionate, understanding venue in which to engage in authentic dialogue regarding human sexuality.

2. School counselors who will offer students Biblical guidance, resources, and options for referral and counsel.

3. An assurance that the dignity of all employees, parents/guardians, and students will be guarded.

G. Acknowledging our own human frailty and dependence upon Christ for his humility, grace, and wisdom in our considerations for human sexuality, seeking always to love one another as he loves us.

We also acknowledge with gratitude the influence of the book Compassion Without Compromise by Adam T. Barr & Ron Citlau

²Employees, volunteers, parents/guardians, and students who practice an unrepentant lifestyle considered to be immoral or inconsistent with the will of God as revealed in Scripture, will be subject to school discipline including but not limited to termination, denying enrollment of children, or expulsion. [Board Policy Manual VI.1.f.1), VIII.1.a.1), XI.3.c, XI.4.b., XII.5.c]

Valley Christian will not actively monitor the lifestyles of its employees, volunteers, parents/guardians, and students outside of school. The school will ask for a signed agreement with its Biblical positions upon employment, volunteerism, or enrollment. However, if Valley Christian is made aware of an unrepentant lifestyle during the course of employment, volunteerism, or enrollment, the school will partner with the family and church to determine the appropriate course of action. [Board Policy Manual VI.1.f.1), VIII.1.a.1), XI.3.c, XI.4.b., XII.5.c]

³This would include “transsexed” or those who have had a sex reassignment surgery (SRS). The practice of changing the gender of a person through an operation is a violation of the natural birth gender that God has ordained for that person. It also violates the distinction of those attributes which designate a male from a female. Scripture never implies that a person’s sex is negotiable or optional.

⁴This would not include an “intersex” condition in which a person has a mixture of male and female sexual organs at birth. The Biblical position that God created us male and female would support medical intervention for this birth condition. To recognize a physical abnormality is not to say that God has made a mistake. Rather, it is to say that the world is marred by sin that is sometimes reflected in our bodies.

⁵Due to our position on transgender practice, gender-neutral restrooms and locker rooms are prohibited at Valley Christian Schools. [Board Policy Manual IX.9]

Named Gift Policy

Purpose Statement

The purpose of the Named Gift Policy is to provide current and future leadership with a suitable philosophy and process for making naming decisions.

Naming Facilities Guidelines

- The Superintendent and Development Director in their advancement and fundraising responsibilities will have authority to suggest naming possibilities to possible benefactors, following the guidelines of this document.
- The Board of Directors shall have final authority for naming any and all campus facilities.
- Potential names may be suggested by alumni, personnel, students, or Board members, (or former personnel, students, or Board members) benefactors, friends of the institution, or Christian people of exemplary achievement.

Principal Reasons for Name Selection

- As an expression of gratitude for a substantial monetary gift making the facility possible. A benefactor may request that a family member's name other than his or her own be used on a facility.
- As an expression of gratitude for a service or services rendered to the institution, the work of God in this world, or to society.
- As a recognition for a great achievement.

Guidelines:

- The Board of Directors may vote to name a facility at any meeting of the Board.
- Facilities suitable for naming include: buildings, rooms, lounges, campus commons, etc.
- Screening and selection criteria by the Board of Directors may include:
 - 1) Is the individual known by the Board of Directors and leadership?

 - 3) Is there any reasonable link between the person's life and interests and the facility being names (ie: an athletic facility named for a person with interests or achievement in athletics)?
 - 4) As a matter of practice, benefactors' names may be eligible for consideration if the donor provided more than 50% of the cost of constructing a facility.

**Valley Christian School System
Investment Policy
Revised April 2018**

Purpose

This Statement of Investment Policy for Valley Christian School is set forth to insure that:

1. There is a clear understanding by the Investment Committee (IC) and Board, of the nature, purpose, and goals of the investments.
2. The IC is given guidelines for implementing this Policy.
3. The IC has a basis to evaluate the investment performance of the assets and future Investment Managers.
4. An overall philosophy is established that will guide the Board, IC and future Investment Managers toward accomplishing the desired goals and objectives. It is intended that the objectives be sufficiently specific to be meaningful, but flexible enough to be practical in allowing for changes in the securities markets and economy.

Authority

The Board is responsible for setting and auditing Investment Policy. It hereby assigns the IC the responsibility for asset allocation directed by this Policy and for the selection and evaluation of investment alternatives. In carrying out its duties, the IC and Investment Manager may make detailed analyses and specific investment selections.

Responsibilities

It is expected that the following parties associated with the school will discharge their respective responsibilities in accordance with the normal fiduciary standards; that is (a) in the sole interest of the school and other beneficiaries that these assets are intended to benefit; (b) with the care, skill, prudence and diligence under the circumstances then prevailing that a prudent investor acting in like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and of like aims.

Investment Committee

The IC will establish Investment Policy for the Repair and Replacement Fund, Scholarship Fund and Prepaid Tuition Fund and any non-operating investable assets as designated by the Board. IC has been specifically delegated the responsibility by the Board to manage the investment of these investable assets and to carry out the school's responsibilities in acting as trustee of planned gifts. Insofar as it seems desirable and practical, funds may be pooled for management purposes and to provide diversification of investments. The Committee will establish procedures for monitoring (i) the implementation of such policy and (ii) monitoring the performance of the investments, investment managers, and commingled-pooled investments. In connection with its responsibilities for the management of investable funds, the IC may hire professional advisors and investment managers and establish accounts with brokerage firms, banks, or other institutions.

It is the specific responsibility of the IC to periodically review the risk/reward parameters underlying the Policy, and make appropriate changes in specific investments utilized to

carry out this Policy. Specifically the IC shall annually review, and reaffirm or change as appropriate, the investment objectives and portfolio guidelines. The Policy shall thereupon, as appropriate, be amended to reflect any applicable changes.

Investment Managers

The Investment Managers or commingled-pooled managers retained by the school shall be responsible for implementation of their mandated investment strategy. These managers are charged with the responsibility to conduct day-to-day investment management of the school's assets in accordance with specific agreements or as described in their respective investment prospectuses.

Custodian

One or more custodians will be selected and charged with the responsibility for safekeeping securities, collections and disbursement, and periodic accounting statements for the assets under its control.

Repair and Replacement (R & R) Fund Investment Goals & Spending Guidelines

As an educational institution investment fund, the R & R Fund is not subject to the State of California or Federal income taxes. The purposes of the Repair and Replacement Fund for the school are:

- 1) To maintain an approved minimum balance (currently \$500,000) available for facility upgrades, transportation vehicles, or as directed by the Board.
- 2) Annually, during the budget process, determine the need for facility upgrades or transportation vehicles. A schedule of cost shall be maintained by the Director of Business Operations and Property and Bus Manager.
- 3) Based on the balance in the fund, including interest, replenish the fund annually to maintain the minimum balance.

To meet this purpose over the long run, the net asset value of the existing portfolio should be invested to grow even without additions, that is, the fund should achieve a total return equal to 3-5% plus the rate of inflation as measured by the Consumer Price Index (CPI) for urban customers. This goal may not be met if the risk level is too high or market conditions do not warrant this level of return. To accomplish this growth, the fund must be invested in a diversified mixture of asset classes that are collectively expected to provide this level of return within the acceptable level of risk over an extended time horizon.

The IC will be given the anticipated spending in February of the prior fiscal year. Completed facility projects or final transportation purchases for each school year will be funded through a payout in July/August of the current fiscal year. Minimum balance requirements are adhered to in the payout process.

Scholarship Fund Investment Goals & Spending Guidelines

As an educational institution investment fund, the Scholarship Fund is not subject to the State of California or Federal income taxes. The purpose of the Scholarship Investment fund is to provide interest income for designated scholarships. Individual Scholarship balances, as well as scholarship criteria, are maintained by the Director of Business Operations. An annual update on scholarship amounts will be reported to the IC.

To meet this purpose over the long run, the net asset value of the existing portfolio should be invested to grow even without gift additions, that is, the fund should achieve a total return equal to 3-5% plus the rate of inflation as measured by the Consumer Price Index (CPI) for urban customers. This goal may not be met if the risk level is too high or market conditions do not warrant this level of return. To accomplish this growth, the fund must be invested in a diversified mixture of asset classes that are collectively expected to provide this level of return within the acceptable level of risk over an extended time horizon.

Scholarships are paid in May each school year and will be funded through a payout in April/May.

Prepaid Tuition Fund Investment Goals & Spending Guidelines

As an educational institution investment fund, the Prepaid Tuition fund is not subject to state of California or Federal income taxes. The Prepaid Tuition fund is defined as cash resources in excess of operating liquidity requirements. These cash resources are primarily as a result of the School's collection of prepaid tuition. The Finance Committee will monitor resources required to assure continued operating liquidity of the School. Annually, the Finance Committee will determine Prepaid Tuition Fund.

The primary purpose of the Prepaid Tuition fund for the School is to provide current income, principally for financial aid, operations, and facilities or as directed by the Board. However, as the school will maintain ample Cash reserves for operations and emergencies the Prepaid Tuition account may be managed with a greater degree of risk than the Cash reserves held outside of this portfolio. To meet this purpose over the long run, the net asset value of the existing portfolio should be invested to grow even without additions, that is, the Prepaid Tuition fund should achieve a total return equal to 3-5% plus the rate of inflation as measured by the Consumer Price Index (CPI) for urban customers. This goal may not be met if the risk level is too high or market conditions do not warrant this level of return. To accomplish this growth, the Endowment must be invested in a diversified mixture of asset classes that are collectively expected to provide this level of return within the acceptable level of risk over an extended time horizon.

Investment Platform Schedule

Investment decisions shall be made within the framework of the goals stated above for optimizing the total rate of return, keeping in mind the desirability of limiting year-to-year risk of market fluctuations while still targeting the long-term investment goals. The optimal portfolio allocation is one that carefully equates expected rate of return with expected risk of all investment categories used in the portfolio.

In setting the optimal allocation of assets for the school's R & R Fund, Scholarship Fund and Prepaid Tuition Fund, the Board hereby adopts the following strategic (long-term) asset allocation policy:

Investment Platform

Professionally Managed Allocation
Equity Index Funds or ETFs

Target is 80% PMA / 20% EIF

At least annually, the IC must provide a report of investment performance of assets and of compliance with this Policy to the Board.

Because portfolio assets may stray outside the ranges of the asset allocation policy, they are to be rebalanced at least quarterly to conform to the asset allocation policy. Also, to re-balance over time as funds are deposited or withdrawn from the portfolio this should be done so that the allocation moves back towards the *target* for each specific investment classification (R & R, Scholarships, or Pre-paid Tuition), even if the overall portfolio is within the acceptable range.

Investment Manager Guidelines

Professionally Managed Allocation

The Professionally Managed Allocation will be invested in a diversified strategy managed by a professional investment firm. This portion of the assets will be invested to attempt to provide a return over a full market cycle that exceeds the Barclay's Lehman Bond Index while maintaining a risk level that is below that of the S&P 500. This will be accomplished through the use of mutual funds or other broadly diversified publicly traded investment vehicles (Exchange traded funds ("ETFs"), separately managed accounts where each position trades on a major US exchange, index mutual funds, or closed-end mutual funds that traded on the major exchanges.)

Diversified investment mutual funds (or other similar vehicles) may include Equity funds, Bond fund, Alternative funds or other strategies assembled in a portfolio allocation deemed by the professional manager appropriate for meeting the goal noted above, as well as the long-term return goals noted in this document.

The investment manager will have broad discretion as to Asset Allocation and security selection to achieve the objective noted above.

Equity Index Funds or ETFs

The Equity Index Funds or ETFs will be invested in Equity Index mutual funds or ETFs invested in very broad Equity exposure, such as the S&P 500, Global Stock Market Index, or similar. Specific country, sector, or strategy funds are not acceptable for this part of the portfolio. It is understood that this portion of the portfolio will carry greater risk than the Professionally Managed Allocation.

Individual Account Managers need not be concerned about providing ready Cash to meet school spending needs, unless so advised by the IC.

At a minimum annually, the Investment Managers utilized by VCS will meet with the IC to discuss economic, market and portfolio changes.

Monthly, transaction registers and portfolio valuations, including cost and market data, shall be forwarded to the school.

In those instances where assets cannot be liquidated due to donor restrictions or marketability, or because of their size or value cannot be effectively managed by external managers, management shall be performed by the IC and the Board.

Diversification: The Portfolios should be well diversified to avoid undue exposure to any singled economic sector, industry group, or individual security. No more than ten percent (10%) of any equity portfolio based on market value shall be invested in direct ownership of securities of any one issuing corporation at the time of purchase.

No more than thirty percent (30%) of any equity portfolio based on market value should be invested in direct ownership in any one sector using the S&P 500 Index definition, unless this percentage is reached when totaling the Professionally Managed Portfolio and the Equity Index

Funds. No more than five percent (5%) of any fixed income portfolio based on market value shall be invested in direct ownership of securities of any one issuing corporation at the time of purchase: Securities specifically backed by the US Government are exempt from this restriction.

Quality and Marketability: If utilized in a diversified portfolio, individual common and convertible preferred stocks should be reasonable actively traded and listed on either the New York, American Stocks Exchange, or in the NASDAQ system with the requirement that such stocks have adequate market liquidity relative to the size of the investment. While there are no quality rating restrictions placed on the portfolio, in general, securities should be of high quality with the exception of those companies the Investment Manager feels offer above average returns commensurate with a reasonable level of risk. It is expected that the Investment Manager will use discretion with regard to selection of individual securities, mutual funds, or ETFs.

Volatility: Consistent with the desire for adequate diversification, this investment policy is based on the assumption that the volatility of the equity portfolio will be similar to that of the market. It is expected that the volatility of the total portfolio will be less than the volatility of a blended index of 75% S&P 500 and 25% Barclay's Aggregate Bond.

Specific Investment Restrictions: The IC expressly prohibits the following securities or investment activity in these R & R Fund, Scholarship Fund and Prepaid Tuition Fund and the Investment Managers may not deviate from the guidelines and restrictions without IC approval:

1. Direct short sales (unless done as part of and inside of a mutual fund)
2. Direct ownership of tobacco, alcohol, or other securities not deemed to be in line with the Mission of Valley Christian School (unless held within a mutual fund or index fund where the investor cannot exclude these securities)
3. Margin or other leverage at the VCS portfolio level (may be part of a strategy within a mutual fund)
4. Loaning money or securities to any individual or corporation from the assets of VCS other than through the purchase of marketable fixed income securities
5. Investing in "restricted" (investment letter) stock without prior approval of the IC
