

Dear Parents/Guardians,

God has richly blessed our school community for 87 years. This year has been no exception as we navigated some unusual times. Through all of it, God has been faithful to our school. It is an honor and privilege to partner with families to equip and inspire each student for a lifetime of service to God. Thank you for continuing to entrust your child(ren) with our amazing faculty and staff.

The 2022-23 school year is quickly approaching and we look forward to welcoming families back. On Monday, February 7, re-enrollment will begin. Families will be able to complete the process online through our new database, Blackbaud. We are excited to start using Blackbaud Education Management as our Enrollment and Tuition Management System. Re-enrollment takes only a few minutes to complete, **the deadline to re-enroll is February 16**. It is important our current families re-enroll before the deadline as the Admissions Office will open spaces to new students after Feb 16, 2022. Re-enrolling your child as early as possible will ensure they will be enrolled in classes and receive a schedule for the new academic year.

Re-enrollment

We ask that you please read the [Re-enrollment Instructions](#) before you begin this process. Consideration for re-enrollment is based on accounts being in good standing. The re-enrollment fee is as follows: first student \$200, second student \$200, third student \$100, fourth student \$0. After the February 16 deadline, a \$50 late fee per student will be applied.

Tuition Management

We have partnered with Blackbaud Tuition Management to assist families in managing the tuition payment processing. All tuition payments will be processed by Blackbaud Tuition Management. When you complete your tuition contract, your new Blackbaud Tuition account will automatically be created. Services for parents include: online account access, tuition and fees invoicing, payment processing, and customer care. We will no longer be accepting payments at the Business Office. Please [click here](#) for the Tuition Management Frequently Asked Questions.

22/23 Bus Routes Update

VCS will continue to offer busing for the 2022-23 school year. Because there has been a reduction in ridership and difficulty in finding additional drivers due to the national shortage of bus drivers, there will only be five routes available. The five routes will be determined based on location and how many families need busing. It is likely that the

bus stops will be more clustered than our current routes. Thank you for your patience as we adjust to the changes of our bus routes.

The tuition contract and re-enrollment forms are required prior to the beginning of the 2022-23 school year and are **due by February 16, 2022**. As with any change, there may be some questions about our new database and/or the re-enrollment process. Please don't hesitate to give me a call or send me an email if you have any questions.
